The Revolution Betrayed Leon Trotsky, 2013-01-28 This early work by Russian revolutionary Leon Trotsky is both expensive and hard to find in its first edition. It contains his analysis of Socialism, the Soviet State and Economics of Russia during the early twentieth century. This is a fascinating work and is thoroughly recommended for anyone with an interest in Russian history and the politics of Trotsky. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions using the original text and artwork.

The Revolution Betrayed Leon Trotsky, 2015-10-01 The Revolution Betrayed is one of the most important Marxist texts of all time. It is the only serious Marxist analysis of what happened to the Russian Revolution after the death of Lenin. In this book, Trotsky provided a brilliant and profound analysis of Stalinism, which has never been improved upon, let alone superseded. With a delay of 60 years, it was completely vindicated by history. Without a thorough knowledge of this work, it is impossible to understand the reasons for the collapse of the Soviet Union and the events since then in Russia and on a world scale. This remarkable work predicted the fate of the USSR down to the last detail. In the period of so-called market reform, Russia experienced the biggest collapse in world economic history. Just in the first five years alone, the economy contracted by a staggering sixty percent. Such a drop is unprecedented in economic history. It was like a catastrophic defeat in war. The collapse of the USSR has led to social disintegration. The elements of barbarism have all reappeared. Poverty, beggary, drunkenness, drug addiction, prostitution, crime epidemics have spread to an unparalleled degree. Sections of the youth are

affected by lumpenisation At the same time the mafia capitalists have accrued massive wealth by plundering the former nationalised industries as well as the rich sources of oil and other resources The bureaucratic degeneration of the Soviet Union and its eventual fall must be carefully studied if we are to be able to answer the questions of the workers and youth And the best explanation that can be found is in the pages of this wonderful classic of Marxism Only the restoration of a nationalised planned economy can create the conditions for a revival of Russia's colossal productive potential But this cannot mean a return to the old Stalinist regime Only a regime of real workers democracy along the lines of October 1917 can provide Russia with a way out of the present impasse As Trotsky points out in a most graphic and profound passage from *The Revolution Betrayed* a nationalised planned economy needs democracy as the human body needs oxygen

Revolutionary Yiddishland Alain Brossat, Sylvie Klingberg, 2016-11-08 This rich and poignant history traces Jewish radicals from their Eastern European roots through years of hope Nazi resistance and beyond with fascinating asides on Spain and Palestine Noam Chomsky Jewish radicals manned the barricades on the avenues of Petrograd and the alleys of the Warsaw ghetto they were in the vanguard of those resisting Franco and the Nazis They originated in Yiddishland a vast expanse of Eastern Europe that before the Holocaust ran from the Baltic Sea to the western edge of Russia and incorporated hundreds of Jewish communities with a combined population of 11 million people Within this territory revolutionaries arose from the Jewish misery of Eastern and Central Europe they were raised in the fear of God and taught to respect religious tradition but were caught up in the great current of revolutionary utopian thinking Socialists Communists Bundists Zionists Trotskyists manual workers and intellectuals they embodied the multifarious activity and radicalism of a Jewish working class that glimpsed the Messiah in the folds of the red flag Today the world from which they came has disappeared dismantled and destroyed by the Nazi genocide After this irremediable break there remain only survivors and the work of memory for red Yiddishland This book traces the struggles of these militants their singular trajectories their oscillation between great hope and doubt their

lost illusions a red and Jewish gaze on the history of the 20th century Nowadays we know more and more about the Nazi Genocide we have much less knowledge about the everyday life which preceded the horror and was so brutally terminated Shlomo Sand author of The Invention of the Jewish People
