Revolutionary Breakthroughs And National Development The Case Of Romania 1944 1965:

Revolutionary Breakthroughs and National Development ,1975 Revolutionary Breakthroughs and National Development Ken Jowitt,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1971 *Stalin's Legacy in Romania* Stefano Bottoni,2018-05-29 This study explores the little known history of the Hungarian Autonomous Region HAR a Soviet style territorial autonomy that was granted in Romania on Stalin s personal advice to the Hungarian Szekely community in the summer of 1952 Since 1945 a complex mechanism of ethnic balance and power sharing helped the Romanian Communist Party RCP to strengthen with Soviet assistance its political legitimacy among different national and social groups The communist national policy followed an integrative approach toward most minority communities with the relevant exception of Germans who were declared collectively responsible for the German occupation and were denied political and even civil rights until 1948 The Hungarians of Transylvania were provided with full civil political cultural and linguistic rights to encourage political integration The ideological premises of the Hungarian Autonomous Region followed the Bolshevik pattern of territorial autonomy elaborated by Lenin and Stalin in the early 1920s The Hungarians of Szekely Land would become a titular nationality provided with extensive cultural rights Yet on the other hand the Romanian central power used the region as an instrument of political and social integration for the Hungarian minority into the communist state The management of ethnic conflicts increased the ability of the PCR to control the territory and at the same time provided the ruling party with a useful precedent for the far larger nationalization of the Romanian communist regime which starting from the late 1950s resulted in ethnicized communism an aim achieved without making use of pre war nationalist discourse After the Hungarian revolution of 1956 repression affected a great number of Hungarian individuals accused of nationalism and irredentism In 1960 the HAR also suffered territorial reshaping its Hungarian born political leadership being replaced by ethnic Romanian cadres The decisive shift from a class dictatorship toward an ethnicized totalitarian regime was the product of the Gheorghiu Dej era and as such it represented the logical outcome of a long standing ideological fouling of Romanian communism and more traditional state building ideologies **The Romanian Revolution of December 1989** Peter Siani-Davies,2007 The Romanian Revolution of 1989 was the most spectacularly violent and remains today the most controversial of all the East European upheavals of that year Despite or perhaps because of the media attention the revolution received it remains shrouded in mystery How did the seemingly impregnable Ceausescu regime come to be toppled so swiftly and how did Ion Iliescu and the National Salvation Front come to power Was it by coup d tat Who were the mysterious terrorists who wreaked such havoc on the streets of Bucharest and the other major cities of Romania Were they members of the notorious securitate

What was the role of the Soviet Union Blending narrative with analysis Peter Siani Davies seeks to answer these and other questions while placing the events and their immediate aftermath within a wider context Based on fieldwork conducted in Romania and drawing heavily on Romanian sources including television and radio transcripts official documents newspaper reports and interviews this book is the most thorough study of the Romanian Revolution that has appeared in English or any other major European language Recognizing that a definitive history of these events may be impossible Siani Davies focuses on the ways in which participants interpreted the events according to particular scripts and myths of revolution rooted in the Romanian historical experience In the process the author sheds light on the ways in which history and the conflicting retellings of the 1989 events are put to political use in the transitional societies of Eastern Europe **Ismail Kadare** Peter Morgan,2017-07-05 Ismail Kadare has experienced a life of controversy In his own country and internationally he has been both acclaimed as a writer and condemned as a lackey of the Albanian socialist dictatorship Coming of age after occupation and war Kadare b 1936 belonged to the first generation of new Albanians In a land where writers were routinely imprisoned Kadare produced the most brilliant and subversive works to emerge from socialist Eastern Europe His work brings to an end the century whose literary beginnings were marked by the terror to which Kafka gave his name The inaugural award of the International Man Booker Prize for Literature in 2005 marked an important milestone in the global recognition of Kadare Ironic multi layered and imaginative Kadare s writing is profoundly opposed to ideology Through critical analysis of a representative selection of Kadare s works Peter Morgan explains for a wide audience how Kadare survived and wrote in the repressive Albanian Stalinist environment Peter Morgan is Professor of European Studies at the University of Western Australia *Nationalism, Myth, and the State in Russia and Serbia* Veljko Vujčić,2015-03-26 This book examines the role of Russian and Serbian nationalism in dissolution of the Soviet Union and Yugoslavia in 1991 **Imagining Frontiers, Contesting Identities** Steven G. Ellis,Lud'a Klusáková,2007 State in Society Joel S. Migdal,2001-08-27 The essays in this book trace the development of Joel Migdal s state in society approach The essays situate the approach within the classic literature in political science sociology and related disciplines but present a new model for understanding state society relations It allies parts of the state and groups in society against other such coalitions determines how societies and states create and maintain distinct ways of structuring day to day life the nature of the rules that govern people s behavior whom they benefit and whom they disadvantage which sorts of elements unite people and which divide them and what shared meaning people hold about their relations with others and their place in the world *Problems of Communism* ,1972 **Eastern Europe in the Postwar World** NA NA,2016-04-30
