The Housekeeper's Tale Tessa Boase, 2014-05-19 Working as a housekeeper was one of the most prestigious jobs a nineteenth and early twentieth century woman could want and also one of the toughest A far cry from the Downton Abbey fiction the real life Mrs Hughes was up against capricious mistresses low pay no job security and gruelling physical labour Until now her story has never been told The Housekeeper's Tale reveals the personal sacrifices bitter disputes and driving ambition that shaped these women's careers Delving into secret diaries unpublished letters and the neglected service archives of our stately homes Tessa Boase tells the extraordinary stories of five working women who ran some of Britain's most prominent households There is Dorothy Doar Regency housekeeper for the obscenely wealthy 1st Duke and Duchess of Sutherland at Trentham Hall Staffordshire There is Sarah Wells a deaf and elderly Victorian in charge of Uppark West Sussex Ellen Penketh is Edwardian cook housekeeper at the sociable but impecunious Erddig Hall in the Welsh borders Hannah Mackenzie runs Wrest Park in Bedfordshire Britain's first country house war hospital bankrolled by playwright J M Barrie And there is Grace Higgins cook housekeeper to the Bloomsbury set at Charleston farmhouse in East Sussex for half a century an era defined by the Second World War Revelatory gripping and unexpectedly poignant The Housekeeper's Tale champions the invisible women who ran the English country house

Normal0falsefalsefalseEN GBX NONEX NONE *H.G. Wells at the End of His Tether* Gordon D. Feir, 2005 H G Wells was one of the most prolific writers in the English language He published over one hundred books yet he is recognized by only two or three of his popular novels including The Time Machine and War of the Worlds Why has such a well known and widely read author from the nineteenth century almost disappeared from the bookshelves of the twenty first century H G Wells at the End of His Tether attempts to answer this question and others by examining his work from a nineteenth century perspective Wells was a controversial figure He was an avid socialist and a self proclaimed prophet He hated the Church and the Monarchy and spent much of his life promoting utopian ideals world government and other radical concepts that are politically incorrect today As he watched the First World War tear Europe asunder he wrote The War to End War and created a new label for that infamous conflict He was a highly vocal anti war journalist and often frustrated by how little impact he was making on the world When the Second World War descended on Europe he became despondent as he approached the end of his political and literary tether H.G. Wells Keith Ferrell, 2014-03-24 He was born in the year dynamite was invented 1866 and died a year after the first explosion of the atomic bomb 1946 Herbert George H G Wells was a man whose life dominated the century and whose ideas both predicted

and shaped the future One of the most influential men of his time a leading science fiction writer novelist philosopher reformer and fighter for civilization Wells exercised his imagination and expounded his revolutionary ideas in over one hundred books in the course of his long life As a young man Wells struggled against repeated failure as a draper s assistant science student and teacher before finding his vocation as a writer He wrote the pioneering and immediately popular novel *The Time Machine* In this and other classic science fiction such as *The Invisible Man* and *The War of the Worlds* Wells combined serious and often remarkably accurate speculation about the future with high adventure But Wells was not content just to write fiction He was also an advocate for change in social customs and a man deeply concerned with the future of humanity A firm believer that the twentieth century would be the turning point for civilization Wells anticipated many of the changes in his writings on space travel politics marriage and the technologies of war This is a dramatic account of Well s life and his fight for causes and concerns that are still relevant today *Hamilton County* Marsanne Petty,2009 Surrounded by rivers on three sides and the Georgia state line on the other Hamilton County forms a cape of its own within the greater peninsula of Florida First settled around 1825 by Daniel Bell the rural area has remained true to its roots agriculture is still the mainstay of the land The population of the area began very small and gradually grew to almost 12 000 citizens with three main cities in the county Jasper Jennings and White Springs all of which have seen their heyday as large business oriented communities Focusing on the history and heritage of the communities brings forth the memories and traditions of a time long gone and it is through preservation of those long lost moments that it is possible to promote cultural growth **Reports**

Great Britain. Royal Commission on Historical Manuscripts,1885 **Private No More** Sharon A. Roger Hepburn,2023-03-15 The John Lovejoy Murray collection of letters contains insights into the experiences of an African American soldier and his regiment during the Civil War John Lovejoy Murray a private in Company E 102nd USCT died of disease in a Charleston hospital on April 12 1865 Through John Murray s letters readers can experience the war through the eyes of a literate northern Black soldier His is the story of the soldiers who did not receive accolades for their heroic actions in battle the ones who spent more time on picket and fatigue duty than on the front lines the ones who died from disease more than they did of battle related wounds Murray s letters are significant because they are ordinary in some respects yet extraordinary in others Some of the activities and sentiments portrayed in the letters are hardly distinguishable from those described in letters written by White soldiers In other ways the letters represent a perspective distinctly from a Black soldier in the Union army Although many of his experiences may have been typical John Lovejoy Murray himself a literate freeborn northern Black man was atypical among Union Black soldiers Descendants of Gov.
