Improving Municipal Management for Cities to Succeed Independent Evaluation Group, World Bank, 2009-07-15 Cities now house half the world's population and produce 70 percent of its GDP Managing them well helps development Strengthening municipal management of planning finance and service provision has been at the core of World Bank support through municipal development projects MDPs This book reviews how worldwide nearly 3 000 municipalities have benefitted from 190 World Bank supported MDPs over the past decade three quarters of which achieved satisfactory outcomes The finance dimension of MDPs computerized accounting revenue generation and municipal credit produced some of the best results but weaker outcomes came from attempts to stimulate private finance of municipal services City planning used by municipalities worldwide was not a strong priority for MDPs But building municipal information systems for example in Chile were successful Monitoring and evaluation rarely worked well except when municipalities themselves were convinced of its usefulness such as in Russia Tunisia and Colombia Results in managing service provision were mixed The poverty focus of MDPs was strikingly weak across the portfolio Cost benefit analysis rarely prioritized municipal investments But MDPs helped municipalities strengthen their procurement function MDPs helped municipalities manage services more effectively Better results still can come from a stronger poverty focus more attention to planning and prioritizing investments and more effective operation and maintenance of such investments , **Measuring Success** Jack Buckley, Lynn Letukas, Ben Wildavsky, 2018-01-15 Once touted as the single best way to measure students from diverse backgrounds schools and experiences standardized college admissions tests are now criticized for being hopelessly biased in favor of traditionally privileged groups Out of this has emerged the test optional movement that seeks to allow students to apply to schools

without sitting through the rigors of the SAT This book takes a step back and applies rigorous empirical measurements to these rival claims Drawing upon the expertise of higher education researchers admissions officers enrollment managers and policy professionals this edited volume is among the first to investigate the research and policy implications of test optional practices It was conceived in response to the editors frustration with the fragmented and incomplete state of the literature around the contemporary debate on college admissions testing Many students teachers parents policymakers frankly nearly anyone immediately outside the testing industry and college admissions have little understanding of how admissions tests are used This lack of transparency has often fueled beliefs that college assessments are biased misused or overused Decades of research on various aspects of testing such as the predictive validity of assessments makes a compelling case for their value But all too frequently researchers and admissions officers talk past one another instead of engaging substantively This collection intends to remedy the situation by bringing these disparate voices together This book is designed for provosts enrollment managers and college admissions officers seeking to strike the proper balance between uniformity and fairness

Foundations of Psychological Testing Sandra A. McIntire, Leslie A. Miller, 2007 I used McIntire and Miller's book on testing in my research course two years ago Students loved this book for its clarity and personality It is hard to imagine how the authors could have improved on the First Edition Nevertheless this new edition of the Foundations of Psychological Testing is better than any of its competitors The authors should be congratulated for making a topic that has been formidable to students in the past much more accessible to today's students Douglas Herrmann Emeritus Professor Indiana State University Director of Research Practical Memory Institute The Second Edition of Foundations of Psychological Testing is a scholarly yet pragmatic and easy to understand text for undergraduate students new to the field of psychological testing Using an engaging conversational format the authors aim to prepare students to be informed consumers as test users or test takers not to teach students to administer or interpret individual psychological tests New to the Second Edition Incorporates new content This edition includes a new chapter on computerized testing and is updated throughout to reflect new research tests and examples Offers new learning strategies To further promote student comprehension new and enhanced learning aids include a blueprint of text material In the News and On the Web boxes Test Spotlights and an Engaging in the Learning Process section at the end of each chapter with learning activities study tips and practice test questions Encourages instruction through conversation In response to students requests to simplify complex concepts the authors use an easy to read conversational style This format clearly and concisely communicates the basics of psychological testing and relates these basics to practical situations that students can recognize and embrace Instructor Resources on CD are available to qualified adopters including chapter outlines discussion questions teaching tips review questions and more **An Examination of the Federal Aviation Administration's Safety and Modernization Performance** United States. Handbook for Achieving Gender Equity Through Education Susan S. Klein,Barbara Richardson,Dolores A. Grayson,Lynn H. Fox,Cheris Kramarae,Diane S. Pollard,Carol Anne Dwyer,2014-05-22 First published in 1985 the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education This new expanded edition provides a 20 year retrospective of the field one that has the great advantage of documenting U S national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX the landmark federal law prohibiting sex discrimination in education equity programs and research Key features include Expertise Like its predecessor over 200 expert authors and reviewers provide accurate consensus research based information on the nature of gender equity challenges and what is needed to meet them at all levels of education Content Area Focus The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics science and engineering Global Diversity Focus Global gender equity is addressed in a separate chapter as well as in numerous other chapters The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans Latina os Asian and Pacific Island Americans American Indians gifted students students with disabilities and lesbian gay bisexual and transgender students Action Oriented All chapters contain practical recommendations for making education activities and outcomes more gender equitable A final chapter consolidates individual chapter recommendations for educators policymakers and researchers to achieve gender equity in and through education New Material Expanded from 25 to 31 chapters this new edition includes more emphasis on male gender equity and on sexuality issues special within population gender equity challenges race ability and disability etc coeducation and single sex education increased use of rigorous research strategies

such as meta analysis showing more sex similarities and fewer sex differences and of evaluations of implementation programs technology and gender equity is now treated in three chapters women s and gender studies communication skills relating to English bilingual and foreign language learning and history and implementation of Title IX and other federal and state policies Since there is so much misleading information about gender equity and education this Handbook will be essential for anyone who wants accurate research based information on controversial gender equity issues journalists policy makers teachers Title IX coordinators equity trainers women s and gender study faculty students and parents **SAT II**
