Satanizing Of Woman:

The Satanizing of Woman Demosthenes Savramis,1974 **The Satanizing of Woman** Demosthenes Savramis,1974

Women in Ritual and Symbolic Roles Anita Spring,2012-12-06 This volume of essays grew out of a symposium organized by Judith Hoch Smith and Anita Spring for the 1974 American Anthropological Association meetings in Mexico City The two part symposium was entitled Women in Ritual and Symbolic Systems I Midwives Madonnas and Mediums II Prostitutes Witches and Androgynes The symposium participants were asked to explore theological ritual and symbolic aspects both positive and negative of the feminine cultural domain using ethnographic materials with which they were familiar The resulting papers have been revised edited and gathered together in *Women in Ritual and Symbolic Roles* The theoretical importance of these papers for the study of women's participation in culture and society rests on the assumption that religious ideas are paramount forces in social life that relationships between the sexes the nature of female sexuality and the social and cultural roles of women are in large part defined by religious ideas That this proposition remains valid long after religion itself has ceased to be a living truth in the lives of many people can be seen from the tenaciousness of Judeo Christian ideas about women in the contemporary Western world Both the expansion of life options for women and the creation of more positive cultural images of the female are intimately related to changes in the mythological symbolic portraits that people carry around in their heads These portraits are almost exclusively constructed from mythological and religious conceptions inherent in all facets of culture Embodiment James B. Nelson, Few would doubt that this is a time of transition in our understanding of human sexuality The confusion about sexual morals and mores is the more obvious evidence of this But there is something else For too long the bulk of Christian reflection about sexuality has asked an essentially one directional question what does Christian faith have to say about our lives as sexual beings **Women in**

Western Political Thought Susan Moller Okin,2013-04-21 In this pathbreaking study of the works of Plato Aristotle Rousseau and Mill Susan Moller Okin turns to the tradition of political philosophy that pervades Western culture and its institutions to understand why the gap between formal and real gender equality persists Our philosophical heritage Okin argues largely rests on the assumption of the natural inequality of the sexes Women cannot be included as equals within political theory unless its deep rooted assumptions about the traditional family its sex roles and its relation to the wider world of political society are challenged So long as this attitude pervades our institutions and behavior the formal equality women have won has no chance of becoming substantive **Woman's Body, Woman's Right** Linda Gordon,1977 By 1850 most

contraceptive methods and abortion were illegal in America But in the late 19th century American women began demanding the right to prevent or terminate pregnancy Gordon traces the story of this controversy and includes new material on recent movements to outlaw abortion Woman, Violence, and the Bible Marla J. Selvidge,1996 *Dancing after the Whirlwind* Linda J. Tessier,1998-11-01 *Dancing after the Whirlwind* explores how the denial of a sexual self affects a woman's spiritual

identity and her understanding of her place in the world L J Tessier traces the deep roots of this denial and separation of sexuality and spirituality in both Western and Eastern religions She examines the experiences of three groups of women whose sexual desires memories and experiences are routinely denied by society lesbians survivors of childhood sexual abuse and HIV positive women Drawing on their powerful examples Tessier offers us strategies for reclaiming the whirlwind of erotic power and seeing it for what it is the sacred force through which we most deeply touch one another as human beings
