Venantius Fortunatus: Vita Sancti Martini Prologue and Books I-II, 2020-02-13 This volume provides a new critical text of the Prologue and the first two books of Venantius Fortunatus Vita Sancti Martini a work written in the latter half of the sixth century which paraphrases in epic verse the famous prose hagiography of St Martin by Sulpicius Severus This edition offers the first English translation of and the first full commentary on that part of Venantius poem Venantius was one of the last writers in a recognisably classical Latin tradition and his Vita affords a fascinating insight into the language and literary culture of his time It is however a deceptively allusive and difficult poem and the introduction and commentary of this book deal extensively with matters of exegesis textual criticism language

metre and much else It will be valuable for students of the literature and culture of late Latin antiquity and for those interested in early Christianity and hagiography
