Satisfying Your Innate Desire:

Springboard G. Richard Shell, 2014-04-29 Wharton professor Richard Shell created the Success Course to help his world class MBA students answer two questions that aren't as obvious as they seem: What for me is success and How will I achieve it. Based on that acclaimed course *Springboard* shows how to assess the hidden influences of family, media and culture on your beliefs about success. Then it helps you figure out your unique passions and capabilities so you can focus more on what gives meaning and excitement to your life and less on what you are supposed to want. **Talking with Angels of Love**

Amanda Hart, 2020-01-23 There was once a time in Amanda Hart's life when she did not know how to be secure in her own worth. She was a stranger to self-love and found herself constantly trapped in a cycle of toxic relationships, coercive control and an overwhelming sense of loneliness. Somehow she summoned enough faith to form an astonishing connection with her guardian angels, which became the only remedy for emotional trauma she experienced from early childhood into adulthood. Amanda's angels taught her that we are all worthy of an authentic, non-judgmental love. Now she devotes her life to helping others open their hearts and receive angelic assistance. *Talking with Angels of Love* will show you how to accept your circumstances, love the skin you are in and recognize the difference between healthy love and toxic love. Filled with practical exercises, meditations to channel your angels, love pages to record their loving messages and touching real-life stories about the healing power of love, this book will soothe your soul and help you to trust the goodness in others again. Amanda believes that if you open your heart to the angels, their love is everlasting and you will never be lonely again. **Ottolenghi Test Kitchen:**
