**All in Line** Saul Steinberg, 2024-11-19 A new edition of Saul Steinberg's memoir via drawing of his escape from fascist Europe and of his transition into life as an American capturing absurdities, delights and the grim realities of war along the way. To escape fascist Europe, the artist Saul Steinberg drew his way to America. He made it to New York in 1942 already in contract with The New Yorker but was soon called up to serve in the US Naval Reserve in World War II. This book *All in Line* is a memoir via drawing of this key time in Steinberg's life when he began to find his line and his way as an American. In works for The New Yorker and others, Steinberg depicted delightful absurdities and quiet moments: a painter saws a long canvas into smaller sellable portions; a child draws a gigantic face on the sidewalk to the confusion of passersby; American soldiers stroll through exquisitely detailed streets in China, India, North Africa, and Italy. But Steinberg didn't shy away from the grim realities of his era. There are withering anti-fascist drawings as well as glimpses of war: skies crowded with bombers, families on the run, army convoys, broken-down jeeps, and smoldering battlefields. This new edition of *All in Line* includes an introduction by cartoonist Liana Finck, an afterword by Steinberg scholar Iain Topliss, on the making of the book, and full captions with notes. It will resonate with both lifelong Steinberg fans as well as those who are encountering his work for the first time. Romanian-born Saul Steinberg (1914-1999) had one of the most remarkable careers in American art. While renowned for the covers and drawings that appeared in The New Yorker for nearly six decades, he was equally acclaimed for the drawings, paintings, prints, collages, and sculptures he exhibited internationally in galleries and museums. Through these parallel yet integrated careers, he crafted a rich, playful, and constantly evolving visual language. Known to the larger public as the creator of the iconic *View of the World from 9th Avenue*, Steinberg lamented being most famous as the man who drew that poster. This beautiful volume goes a long way toward correcting that limited perception. It brings together more than eighty works in a variety of media: collage, drawings, objects, and photographs. It also features Steinberg's astonishing mural *Art Viewers*, a gigantic assemblage that was shown on a single occasion in 1966. This book is structured around three essays that explore the artist's use of symbols, his fascination with fakery and imitation, his musings on identity through the theme of the mask, and the autobiographical nature of his work.
