Savage Systems Colonialism And Comparative Religion In Southern Africa:

Savage Systems David Chidester, 1996 *Savage Systems* examines the emergence of the concepts of religion and religions on colonial frontiers. The book offers a detailed analysis of the ways in which European travelers, missionaries, settlers, and government agents, as well as indigenous Africans, engaged in the comparison of alternative religious ways of life as one dimension of intercultural contact. Focusing primarily on nineteenth-century frontier relations, David Chidester demonstrates that the terms and conditions for comparison, including a discourse about otherness that were established during this period, still remain. A volume in the series *Studies in Religion and Culture*.

Savage Systems David Chidester, 1996-01-01 *Savage Systems* examines the emergence of the concepts of religion and religions on colonial frontiers. The book offers a detailed analysis of the ways in which European travelers, missionaries, settlers, and government agents, as well as indigenous Africans, engaged in the comparison of alternative religious ways of life as one dimension of intercultural contact. Focusing primarily on nineteenth-century frontier relations, David Chidester demonstrates that the terms and conditions for comparison, including a discourse about otherness, that were established during this period still remain.

Empire of Religion David Chidester, 2022-12-22 How is knowledge about religion and religions produced and how is that knowledge authenticated and circulated? David Chidester seeks to answer these questions in *Empire of Religion*, documenting and analyzing the emergence of a science of comparative religion in Great Britain during the second half of the nineteenth century and its complex relations to the colonial situation in southern Africa. In the process, Chidester provides a counterhistory of the academic study of religion, an alternative to standard accounts that have failed to link the field of comparative religion with either the power relations or the historical contingencies of the imperial project. In developing a material history of the study of religion, Chidester documents the importance of African religion, the persistence of the divide between savagery and civilization, and the salience of mediations, imperial, colonial, and indigenous, in which knowledge about religions was produced. He then identifies the recurrence of these mediations in a number of case studies, including Friedrich Max Müller's dependence on colonial experts H. Rider Haggard and John Buchan's fictional accounts of African religion, and W. E. B. Du Bois's studies of African religion. By reclaiming these theorists for this history, Chidester shows that race, rather than theology, was formative in the emerging study of religion in Europe and North America. Sure to be controversial, *Empire of Religion* is a major contribution to the field of comparative religious studies.

African Traditional Religion in South Africa David Chidester, Chirevo Kwenda, Robert Petty, Judy Tobler, Darrel Wratten, 1997-08-07 In a changing South Africa, recovering the meaning and power of African tradition is a matter of crucial importance. This work participates in that recovery by providing a comprehensive guide to research on the indigenous religious heritage of this dynamic country. Detailed reviews of over 600 books, articles, and theses are offered, along with introductory essays and detailed annotations that define the field of study. This work, plus two forthcoming volumes, *Christianity in South Africa: An Annotated Bibliography* and *Islam, Hinduism, and*

Judaism in South Africa An Annotated Bibliography will become the standard reference work on South African religions Scholars and students in Religious Studies Social Anthropology History and African Studies will find this set particularly useful This work organizes and annotates all the relevant literature on Khoisan Xhosa Zulu Sotho Tswana Swazi Tsonga and Venda traditions The annotations are concise yet detailed essays written in an engaging and accessible style and supported by an exhaustive index which comprise a full and complex profile of African traditional religion in South Africa

The Sexual Politics of Empire Erin L. Durban, 2023-02-28 Winner in the LAMMY Awards Lambda Literary Awards LGBTQ Studies category Evangelical Christians and members of the global LGBTQI human rights movement have vied for influence in Haiti since the 2010 earthquake Each side accuses the other of serving foreign interests Yet each proposes future foreign interventions on behalf of their respective causes despite the country's traumatic past with European colonialism and American imperialism As Erin L Durban shows two discourses dominate discussions of intervention One maintains imperialist notions of a backward Haiti so riddled with cultural deficiencies that foreign supervision is necessary to overcome Haitians resistance to progress The other sees Haiti as a modern but failed state that exists only through its capacity for violence including homophobia In the context of these competing claims Durban explores the creative ways that same sex desiring and gender creative Haitians contend with anti LGBTQI violence and ongoing foreign intervention Compelling and thought provoking The Sexual Politics of Empire examines LGBTQI life in contemporary Haiti against the backdrop of American imperialism and intervention

Religion David Chidester, 2018-04-20 Religion Material Dynamics is a lively resource for thinking about religious materiality and the material study of religion Deconstructing and reconstructing religion as material categories social formations and mobile circulations the book explores the making ordering and circulating of religious things The book is divided into three sections Part One revitalizes basic categories animism and sacred space and time by situating them in their material production and testing their analytical viability Part Two examines religious formations as configurations of power that operate in material cultures and cultural economies and are most clearly shown in the power relations of colonialism and imperialism Part Three explores the material dynamics of circulation through case studies of religious mobility change and diffusion as intimate as the body and as vast as the oceans Each chapter offers insightful orientations and surprising possibilities for studying material religion Exploring the material dynamics of religion from poetics to politics David Chidester provides an entry into the study of material religion that will be welcomed by students and specialists in religious studies anthropology and history
