Through examining films such as *Airport 1970*, *The Poseidon Adventure* 1972, *Two Minute Warning* 1976 and *The Swarm* 1978 alongside their historical contexts and American contemporaneous trends the disaster cycle is treated as a time bound phenomenon. This book further contextualises the cycle by drawing on the longer cultural history of modernist reactions to modern anxieties including the widespread dependence on technology and corporate power. Each chapter considers cinematic precursors such as the ark movie and contemporaneous trends such as New Hollywood vigilante and blaxploitation films as well as the immediate American context: the end of the civil rights and countercultural era, the Watergate crisis and the defeat in Vietnam. As Scott Freer argues the disaster movie is a modern demotic form of tragedy that satisfies a taste for the macabre. It is also an aesthetic means for processing painful truths and many of the dramatized themes anticipate present day monstrosities of modernity.

Bee Claire Preston, 2006. Written in a lively engaging style and containing many fascinating bee facts, anecdotes, fables and images, *Bee* is a wide ranging highly illustrated meditation on the natural and cultural history of this familiar and much admired insect.

Amicus - The Studio That Made Us Scream and Scream Again Thomas Baxter, 2024-02-27. *Amicus: The Studio That Made Us Scream and Scream Again* offers an entertaining and affectionate overview of the legacy of this beloved studio and the films they produced. In the concluding chapter we shall also look at the work Milton Subotsky and Max Rosenberg did after *Amicus* folded. So open that decanter of brandy, make sure there aren't any voodoo dolls or disembodied hands lying around, stay out of those catacombs, lock the doors lest an escaped maniac dressed as Father Christmas be lurking, watch out for the Werewolf Break and prepare to enter the spooky, mysterious, eclectic and wonderful world of *Amicus Productions*.

The Golden Age of Disaster Cinema Nik Havert, 2019-05-20. From the 1950s through the 1970s disaster movies were a wildly popular genre. Audiences thrilled at the spectacle of these films, many of which were considered glamorous for their time. Derided by critics, they became box office hits and cult classics, inspiring filmmakers around the globe. Some of them launched the careers of producers, directors and actors who would go on to create some of Hollywood's biggest blockbusters. With more than 40 interviews with actors, actresses, producers, stuntmen, special effects artists and others, this book covers the Golden Age of sinking ships, burning buildings, massive earthquakes, viral pandemics and outbreaks of animal madness.
