Saving Power Theories Of Atonement And Forms Of The Church:

Saving Power Peter Schmiechen, 2005 Jesus death and resurrection are undeniably central to the Christian faith But how precisely is their significance to be understood Concerned to reinvigorate the church's teaching on the cross the resurrection and salvation the atonement Peter Schmiechen here invites readers to rediscover the wealth of the Christian tradition In *Saving Power* he makes ample use of primary sources to unpack ten distinct theories of atonement welcoming aspects of each rather than championing only one Along the way he demonstrates that while most Christians assume the basic theme of atonement to be sin and forgiveness other powerful themes liberation from oppressive powers reconciliation in the face of division and the hope of resurrection in the face of death for instance also deserve to be studied and preached Affirming orthodox teaching while offering a positive take on marginal views *Saving Power* is a crucial resource for anyone who seeks a fuller understanding of Christ's work *The Nonviolent Atonement, Second Edition* J. Denny Weaver, 2011-01-26 A provocative study that cuts to the very heart of Christian thought *The Nonviolent Atonement* challenges the traditional Anselmian understanding of atonement along with the assumption that heavenly justice depends on Christ's passive innocent submission to violent death at the hands of a cruel God Instead J Denny Weaver offers a thoroughly nonviolent paradigm for understanding atonement grounded in the New Testament and sensitive to the concerns of pacifist black feminist and womanist theology While many scholars have engaged the subject of violence in atonement theology Weaver's *Nonviolent Atonement* is the only book that offers a radically new theory rather than simply refurbishing existing theories Key features of this revised and updated second edition include new material on Paul and Anselm expanded discussion on the development of violence in theology interaction with recent scholarship on atonement and response to criticisms of Weaver's original work Praise for the first edition The best current single volume on reconstructing the theology of atonement S Mark Heim in *Anglican Theological Review* Weaver provides an important contribution to atonement theories by seriously inserting the contemporary concerns of pacifist feminist womanist and black theologians into the centuries old christological conversation A provocative but faithful proposal benefiting any student of christology *Religious Studies Review* A noteworthy contribution to the literature on the atonement Weaver provides a useful critique of the history of atonement motifs he does a fine job of placing Anselm's theology in its historical context he creatively fuses a singular biblical vision from the earthly narrative of the Gospels and the cosmic perspective of the Apocalypse and he attempts to relate discussions of the atonement to Christian social ethics *Trinity Journal* This is a superb succinct survey and analysis of classical and contemporary theories of the atonement ideal for students and general readers A clearly written passionately expressed introduction to current debates on the atonement Excellent resource *Reviews in Religion and Theology* *Defining the Church for Our Time* Peter Schmiechen, 2012-06-12 The church is broken and we cannot fix it Faith in God is disconnected from churches Mainline churches are deeply divided and their budgets and congregations have diminished with no

agreement for recovery So what shall we do It is time to stop talking about the problems and to consider a new vision of the church for our time This book is a celebration of the church as the community of new life in Christ It assumes Christ intended to create a community on earth embodying grace and holiness It begins with a new and inclusive definition of the church as a community enduring in time It affirms the great variety of churches all as valid expressions of the new life and explains how and why churches are formed in different ways The goal is for churches to celebrate the saving power of Christ and to see the glory of God revealed in the world in our time *Evangelical Theology, Second Edition* Michael F. Bird, 2020-10-20

Gospel Centered Theology for Today Evangelical Theology Second Edition helps today's readers understand and practice the doctrines of the Christian faith by presenting a gospel centered theology that is accessible rigorous and balanced According to author Michael Bird the gospel is the fulcrum of Christian doctrine the gospel is where God meets us and where we introduce the world to God And as such an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology The text helps readers learn the essentials of Christian theology through several key features including A What to Take Home section at end of every part that gives readers a run down on all the important things they need to know Tables sidebars and questions for discussion to help reinforce key ideas and concepts A Comic Belief section since reading theology can often be dry and cerebral so that readers enjoy their learning experience through some theological humor added for good measure Now in its second edition Evangelical Theology has proven itself in classrooms around the world as a resource that helps readers not only understand the vital doctrines of Christian theology but one that shows them how the gospel should shape how they think pray preach teach and minister in the world *Thinking Theologically about Mass Incarceration* Antonios Kireopoulos, Mitzi J. Budde, Matthew D. Lundberg, 2017 This book is the fruit of a multi year dialogue among Christian churches in the United States addressing from theological perspectives mass incarceration as an issue in need of radical reform Creaturely Theology David Clough, 2013-02-11

Creaturely Theology is a ground breaking scholarly collection of essays that maps out the agenda for the future study of the theology of the non human and the post human A wide range of first rate contributors show that theological reflection on non human animals and related issues are an important though hitherto neglected part of the agenda of Christian theology and related disciplines The book offers a genuine interdisciplinary conversation between theologians philosophers and scientists and will be a standard text on the theology of non human animals for years to come Contributors include Esther D Reed Exeter Rachel Muers Leeds Stephen Clark Liverpool Neil Messer Lampeter Peter Scott Manchester Michael Northcott Edinburgh Christopher Southgate Exeter

Killing Enmity Thomas R. Yoder Neufeld, 2011-06-01 Is the New Testament inherently violent In this book a well regarded New Testament scholar offers a balanced critical assessment of charges and claims that the Christian scriptures encode instigate or justify violence Thomas Yoder Neufeld provides a useful introduction to the language of violence in current theological discourse and surveys a wide range of key ethical New Testament texts through the lens of violence nonviolence

He makes the case that contrary to much scholarly opinion the New Testament is not in itself inherently violent or supportive of violence instead it rejects and overcomes violence Published in the UK by SPCK as Jesus and the Subversion of Violence Wrestling with the New Testament Evidence **Theology in Service of the Church** Charles A. Wiley, Sheldon W. Sorge, Barry A. Ensign-George, 2008-01-01 A surprise festchrift for the retiring theologian former director of the Office of Theology and Worship for the Presbyterian Church USA Living On The Edge Jonathan Burke, 2014-01-26 This book addresses common doubts and concerns Christians have concerning God and the Bible including claims from the New Atheism disputes over Bible archaeology questions about the historical accuracy of the Bible questions about the original texts of the Old and New Testament questions about what the Bible really teaches concerning topics such as baptism heaven and hell satan and demons questions about the value and relevance of the Bible s moral and ethical teachings

Redemption Nicholas Roumas, 2025-08-05 A bold trailblazing investigation into soteriology approached by way of Girardian mimetic theory and Eastern Orthodox theological reflection Redemption A Mimetic Soteriology brings French literary critic Ren Girard s mimetic theory of human behavior together with a breadth of Christian approaches to redemption through the Cross Girard s mimetic understanding of sacrifice is drawn upon to illuminate biblical narratives about redemption as well as the theologies of Anselm of Canterbury Peter Abelard and Gregory of Nyssa Nicholas Roumas shows by these readings that redemption can be understood as a reconfiguration of symbolic values with profound consequences for human relations and social organization Redemption thus serves theologians as a basis for a new practical dogmatics This exploration is a breath of fresh air in Orthodox theology utilizing patristic and scriptural sources outside the framework of the predominant neo Patristic synthesis and introducing an entirely new modern paradigm onto the Orthodox scene For theologians of other traditions Redemption contributes to the library of Girardian theologies its first Eastern Orthodox installment For Girardians it provides critique and refinement of many of Girard s most nuanced views and gives due attention to overlooked and controversial aspects of his thought For the lay reader the book provides an accessible entry into the spirituality of the Cross through a lens that is both modern and traditional Redemption provides a revitalizing infusion into contemporary Orthodox theological discourse Its ideas will impact theology in the Orthodox Church and beyond for decades to come and are the basis for a paradigm shift in our understanding of redemption and its practical consequences The lay reader and professional theologian alike will find novelty and utility in its ideas
