

Saving Strangers: Humanitarian Intervention in International Society

Saving Strangers Humanitarian Intervention In International Society

Nicholas J. Wheeler

Saving Strangers Humanitarian Intervention In International Society:

Saving Strangers Nicholas J. Wheeler, 2000-09-08 The extent to which humanitarian intervention has become a legitimate practice in post cold war international society is the subject of this book It maps the changing legitimacy of humanitarian intervention by comparing the international response to cases of humanitarian intervention in the cold war and post cold war periods Crucially the book examines how far international society has recognised humanitarian intervention as a legitimate exception to the rules of sovereignty and non intervention and non use of force While there are studies of each case of intervention in East Pakistan Cambodia Uganda Iraq Somalia Rwanda Bosnia and Kosovo there is no single work that examines them comprehensively in a comparative framework Each chapter tells a story of intervention that weaves together a study of motives justifications and outcomes The legitimacy of humanitarian intervention is contested by the pluralist and solidarist wings of the English school and the book charts the stamp of these conceptions on state practice Solidarism lacks a full blown theory of humanitarian intervention and the book supplies one This theory is employed to assess the humanitarian qualifications of the cases of intervention analysed in the book and this normative assessment is then compared to the moral practices of states A key focus is to examine how far humanitarian intervention as a legitimate practice is present in the diplomatic dialogue of states In exploring how far there has been a change of norm in the society of states in the 1990s the book defends the broad based constructivist claim that state actions will be constrained if they cannot be legitimated and that new norms enable new practices but do not determine these The book concludes by considering how far contemporary practices of humanitarian intervention support a new solidarism and how far this resolves the traditional conflict between order and justice in international society *Humanitarian Intervention* T. Weiss, 2007-02-13 A singular development of the post Cold War era is the use of military force to protect human beings From Rwanda to Kosovo Sierra Leone to East Timor soldiers have rescued civilians in some of the world s most notorious war zones Drawing on two decades of research Thomas G Weiss provides a compelling introduction to the theory and practice of humanitarian intervention in the modern world He examines political ethical legal strategic economic and operational dimensions and uses a wide range of cases to highlight key debates and controversies This succinct and highly accessible survey is neither celebratory nor complacent The author locates the normative evolution of what is increasingly known as the responsibility to protect in the context of the war on terror and the 2005 UN World Summit The result is an engaging exploration of the current dilemmas and future challenges for international humanitarian action in the 21st Century *The Oxford Handbook of the Use of Force in International Law* Marc Weller, 2015-01-15 The prohibition of the use of force in international law is one of the major achievements of international law in the past century The attempt to outlaw war as a means of national policy and to establish a system of collective security after both World Wars resulted in the creation of the United Nations Charter which remains a principal point of reference for the law on the use of force to this day There have however been considerable challenges to the law on

the prohibition ofThe prohibition of the use of force in international law is one of the major achievements of international law in the past century The attempt to outlaw war as a means of national policy and to establish a system of collective security after both World Wars resulted in the creation of the United Nations Charter which remains a principal point of reference for the law on the use of force to this day There have however been considerable challenges to the law on the prohibition of the use of force over the past two decades This Oxford Handbook is a comprehensive and authoritative study of the modern law on the use of force Over seventy experts in the field offer a detailed analysis and to an extent a restatement of the law in this area The Handbook reviews the status of the law on the use of force and assesses what changes if any have occurred in consequence to recent developments It offers cutting edge and up to date scholarship on all major aspects of the prohibition of the use of force The work is set in context by an extensive introductory section reviewing the history of the subject recent challenges and addressing major conceptual approaches Its second part addresses collective security in particular the law and practice of the United Nations organs and of regional organizations and arrangements It then considers the substance of the prohibition of the use of force and of the right to self defence and associated doctrines The next section is devoted to armed action undertaken on behalf of peoples and populations This includes self determination conflicts resistance to armed occupation and forcible humanitarian and pro democratic action The possibility of the revival of classical expansive justifications for the use of force is then addressed This is matched by a final section considering new security challenges and the emerging law in relation to them Finally the key arguments developed in the book are tied together in a substantive conclusion The Handbook will be essential reading for scholars and students of international law and the use of force and legal advisers to both government and NGOs

The UN Security Council David Malone, 2004 A richly informative volume on the evolving role of the Council Chadwick Alger International Studies Review A well planned and fascinating book Well worth reading Sally Morphet International Affairs Encyclopedic in scope and authoritative in analysis everyone who cares about the future role of the United Nations and the international rule of law will want to read this book John G Ruggie Harvard University It is hard to imagine a more timely volume This is a must read for any serious student or scholar of the United Nations or indeed anyone pondering the relative success or failure of the international community s grand experiment in regulating the use of force by law Anne Marie Slaughter Woodrow Wilson School Princeton University A wide ranging and highly topical study of that most mysterious and misunderstood international body the UN Security Council From the first Gulf War to the second via the successes of El Salvador and Mozambique and the failures of Bosnia Somalia and Rwanda the authors examine the most eventful years in the UN s history David Hannay British Ambassador to the UN 1990 1995 David Malone has assembled an extraordinarily talented group of authors This is a key work for any who want to be informed about the United Nations Joseph S Nye Kennedy School Harvard University At a time when there is vigorous debate both within and outside the UN Security Council about its relevance for world affairs this book is a necessary grounding for our thinking

I William Zartman SAIS John Hopkins University The nature and scope of UN Security Council decisions significantly changed in the post Cold War era have enormous implications for the conduct of foreign policy The UN Security Council offers a comprehensive view of the council both internally and as a key player in world politics Focusing on the evolution of the council's treatment of key issues the authors discuss new concerns that must be accommodated in the decisionmaking process the challenges of enforcement and shifting personal and institutional factors Case studies complement the rich thematic chapters The book sheds much needed light on the central events and trends of the past decade and their critical importance for the future role of the council and the UN in the sphere of international security

Appendixes *Rethinking the Responsibility to Protect* Alexander Reichwein, Mischa Hansel, 2023-05-31 This edited volume critically examines the Responsibility to Protect R2P as a guiding norm in international politics After NATO's intervention in Libya against the backdrop of civil wars in Syria and Yemen and because of the cynical support for R2P by states such as Saudi Arabia this norm is the subject of heavy criticism It seems that the R2P is just political rhetoric an instrument exploited by the powerful states Hence the R2P is being challenged At the same time however institutional settings normative discourses and contestation practices are making it more robust New understandings of responsibility and the politics of protection are creating new normative spaces patterns of legitimacy and norm entrepreneurs thereby reinforcing the R2P

This book's goals are to discuss the R2P's roots, institutional framework and evolution to reveal its shortcomings and pitfalls and to explore how it is exploited by certain states. Further, it elaborates on the R2P's strength as a norm. Accordingly, the contributions presented here discuss various ways in which the R2P is being challenged or confirmed or both at once. As the authors demonstrate, these developments concern not only diplomatic communication and political practices within international institutions but also normative discourses. Furthermore, the book includes chapters that reevaluate the R2P from a normative standpoint, e.g., by proposing cosmopolitan standards as a guide for states' external behavior. Other contributors reassess the historical evidence from UN negotiations on the R2P principle and the productive or restrictive role of institutions. Discussing new issues relating to the R2P, such as global and regional power shifts or foreign policy as well as the phenomenon of authoritarian interventionism under the R2P umbrella, this book will appeal to all IR scholars and students interested in humanitarianism, norms and power. By analyzing the status quo of the R2P, it enriches and broadens the debate on what the R2P currently is and what it ought to be.

Humanitarian Intervention Thomas G. Weiss, 2013-04-24 A singular development of the post-Cold War era is the use of military force to protect human beings. From Rwanda to Kosovo, Sierra Leone to East Timor, and more recently Libya to Côte d'Ivoire, soldiers have rescued some civilians in some of the world's most notorious war zones. Could more be saved? Drawing on over two decades of research, Thomas G. Weiss answers yes and provides a persuasive introduction to the theory and practice of humanitarian intervention in the modern world. He examines political, ethical, legal, strategic, economic and operational dimensions and uses a wide range of cases to highlight key debates and controversies. The updated and expanded second edition of this succinct and highly accessible survey is neither celebratory nor complacent. The author locates the normative evolution of what is increasingly known as the responsibility to protect in the context of the global war on terror, UN debates and such international actions as Libya. The result is an engaging exploration of the current dilemmas and future challenges for robust international humanitarian action in the twenty-first century.

International Society Cornelia Navari, 2020-12-22 This book provides an introduction to and analysis of the English School's views on International Relations as they developed from the somewhat vague state society distinction to the present focus on foundation institutions, regional organisation and the globalization of international society. It focuses on key thinkers and texts and turning points and moves our understanding of the English School beyond the past work of the British Committee to the more recent work of Barry Buzan et al. to offer a comprehensive overview and interrogation from the leading lights of this arm of International Relations thought. This volume is one of the cornerstones of the EISA-sponsored Trends in European IR Theory series, complementing the volumes on International Political Theory, Liberalism, Realism, International Political Economy, the post-positivist tradition and Feminism, published for the centenary of IR as a discipline.

Human Security Mary Kaldor, 2007-10-22 There is a real security gap in the world today. Millions of people in regions like the Middle East or East and Central Africa or Central Asia, where new wars are taking place, live in

daily fear of violence Moreover new wars are increasingly intertwined with other global risks the spread of disease vulnerability to natural disasters poverty and homelessness Yet our security conceptions drawn from the dominant experience of World War II and based on the use of conventional military force do not reduce that insecurity rather they make it worse This book is an exploration of this security gap It makes the case for a new approach to security based on a global conversation a public debate among civil society groups and individuals as well as states and international institutions The chapters follow on from Kaldors path breaking analysis of the character of new wars in places like the Balkans or Africa during the 1990s The first four chapters provide a context they cover the experience of humanitarian intervention the nature of American power the new nationalist and religious movements that are associated with globalization and how these various aspects of current security dilemmas have played out in the Balkans The last three chapters are more normative dealing with the evolution of the idea of global civil society the relevance of just war theory in a global era and the concept of human security and what it might mean to implement such a concept This book will appeal to all those interested in issues of peace and conflict in particular to students of politics and international relations Human Rights and Global Diversity Simon Caney, Peter Jones, 2014-06-17 This examination of global society focuses on its conflict with local societies and questions whether the human race should be treated as belonging to a single global community It considers the universality of human rights and its conflict with group claims to self determination **The Responsibility to Protect** International Commission on Intervention and State Sovereignty, International Development Research Centre (Canada), 2001 Responsibility to Protect Research bibliography background Supplementary volume to the Report of the International Commission on Intervention and State Sovereignty

Saving Strangers Humanitarian Intervention In International Society: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Saving Strangers Humanitarian Intervention In International Society : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Saving Strangers Humanitarian Intervention In International Society Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to

historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Saving Strangers Humanitarian Intervention In International Society free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Saving Strangers Humanitarian Intervention In International Society free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Saving Strangers Humanitarian Intervention In International Society free PDF files is convenient, it is important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it is essential to be cautious and verify the authenticity of the source before downloading Saving Strangers Humanitarian Intervention In International Society. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Saving Strangers Humanitarian Intervention In International Society any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Saving Strangers Humanitarian Intervention In International Society Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
