leur connaissance de ce corpus obscur a plus d'un titre Sujet, insertion, langages et territoires Jean Biarnès, Michel Dispagne, 2014-06-12 Depuis les années quatre-vingt et de manière de plus en plus visible la problématique de la précarisation des publics rencontrant des difficultés sociales et/ou professionnelles a pris de l'importance au sein des politiques nationales. Des mesures diverses et nombreuses au départ plus unifiées par la suite ont été mises en œuvre au sein des territoires pour tenter de porter réponses aux situations difficiles dans lesquelles s'inscrivent ces marginalisés. Les sociétés créolophones n'échappent pas cette lame de fond qui crée une faille de plus en plus large entre ces publics précaires et toujours plus nombreux et le reste de la société. Comment réduire cette faille : quelles adaptations faudrait-il consentir et comment les comprendre et les mettre en œuvre pour entrer dans une logique de résolution ? Cet ouvrage interroge et analyse diversement cet aspect de la réalité locale en se focalisant sur la place du sujet fragilisé. Ouvrir de nouvelles perspectives sur l'insertion l'aborder sous de nouveaux angles l'insistent toute l'originalité et toute la portée des articles ici réunis : articles qui impliquent de parler mondialisation, discours, territoires, société de l'information, majorité, responsabilité, accompagnement. Axé encore plus précisément sur la réalité martiniquaise et ses spécificités, ce volume s'inscrit avec force dans une démarche politique. Adjectif entendre en son sens premier : large et noble. **L'héritage du silence** Dan Bar-On, 2005-11-01 Le point de départ de cet ouvrage a été la volonté de Dan Bar-On de comprendre comment surmontant le mur de silence dressé par leurs parents, des enfants de criminels nazis ont pu vivre avec leur héritage et trouver eux-mêmes les forces pour tracer leur propre chemin. Au-delà des histoires qu'il a su par son écoute attentive recueillir de la part de ses interlocuteurs, ces entretiens reproduits ici dans leur littéralité prolongent un travail de même ordre effectué antérieurement avec des descendants de victimes de l'Holocauste.

Femmes fatales, filles rebelles Corinne Lanoir, 2005 Femmes promises en récompense aux guerriers sacrifiés par leur père : que faire de la violence du livre des Juges ? Faut-il vraiment lire ces récits au premier degré ? Corinne Lanoir propose une lecture nouvelle, originale et audacieuse des figures féminines de ce livre. À la lumière des recherches actuelles, tant l'aide de l'expertise historique que dans une perspective plus synchronique, l'auteure défend la thèse d'une insertion post-décoloniste de ces textes. L'époque perse. L'importance qu'elle donne au procès de l'ironie qui met en lumière l'ambiguïté des personnages féminins et le jeu complexe qui est le leur face aux personnages de juges sauveurs loin d'entériner le sacrifice nécessaire de ces femmes suppose que certains rédacteurs du livre des Juges par le biais d'une stratégie de subversion dénonceraient les travers misogynes de leur société post-exilique. **Historiens et géographes**, 2006 *Discours d'autorité et discours de l'autorité* Pierre Marillaud, Robert Gauthier, 2014 Nicolas Sarkozy le ministre de l'Intérieur d'abord, le candidat ensuite, le président évidemment s'est appliqué au fil des années à construire un ethos charismatique fondé pour l'essentiel sur un discours d'autorité. Le sarkozysme nous le voit d'abord l'oreille du XXI^e siècle : l'établissement d'un leader, l'auto-promulgation d'un chef, l'exhibition d'une volonté ou d'une autorité susceptible de diriger un pays démographiquement vieillissant, économiquement déclinant et en proie des doutes politiques et sociaux voire civilisationnels importants. Nous proposons d'étudier les éléments discursifs de l'

autorité explicite dans le corpus Sarkozy 2007-2012 en insistant sur l'acte fondateur que constitue la campagne 2007 et en montrant que les conditions générales de l'efficacité rhétorique passent par la combinaison d'un discours sur l'autorité, le thème et la valeur et d'un discours qui fait preuve ou cherche à faire preuve d'autorité. Mayaffre-Damon Remonter les bretelles : passer un savon et flanquer une avoine conceptualisent chacun leur façon un vécu dont la fréquence dans la langue culturelle française n'a pas échappé aux observateurs externes, par exemple Kaplan (2009). En même temps, ils ne constituent qu'un tout petit échantillon des conceptualisations possibles. L'inclusion d'autres locutions pertinentes, elles aussi plus ou moins figées, permettrait sans doute de nuancer ce que nous avons dit au sujet des expressions effectivement examinées. Toutes contribuent de manière infime mais réelle à la tonnante diversité avec laquelle le locuteur francophone construit son monde.
