The Reading and Preaching of the Scriptures in the Worship of the Christian Church: The medieval church Hughes Oliphant Old, 1998
 The Reading and Preaching of the Scriptures in the Worship of the Christian Church is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times In Volume 1 The Biblical Period Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel He then examines the preaching of Christ and the Apostles Finally Old looks at the development and practice of Christian preaching in the second and third centuries concluding with the ministry of Origen

The Early Modern City 1450-1750 Christopher R. Friedrichs, 2014-06-06
 A pioneering text which covers the urban society of early modern Europe as a whole Challenges the usual emphasis on regional diversity by stressing the extent to which cities across Europe shared a common urban civilization whose major features remained remarkably constant throughout the period After outlining the physical political religious economic and demographic parameters of urban life the author vividly depicts the everyday routines of city life and shows how pitifully vulnerable city dwellers were to disasters epidemics warfare and internal strife

The Eye of Heaven JoAnne Soper-Cook, 2011-03-18
 When Dante di Salvatore former prostitute and adopted son of one of Florence's reigning nobles is bitten by the ancient vampire goddess Lillith his mortal life is over Once enslaved by the vampire queen's malign influence Dante allies himself with Rouen a young man of dazzling beauty and great influence who is enamored with Dante But they cannot truly be together unless Dante changes Rouen into a vampire and for Rouen accepting the dark gift may ultimately cost him his immortal soul Soon the great city of Florence will be taken to account for her sins as the streets are scourged of everything the fanatical preacher Serenola deems unnatural But many silent mostly unseen creatures of the

night are coming together from the disparate corners of the earth to do battle one last time against Serenola evil disguised as good What Dante does not realize is that he above all others holds the key to not only his own salvation but the preservation of all of vampire kind and perhaps even the human race *Radical Christian Writings* Andrew Bradstock, Christopher Rowland, 2008-04-15 This volume which fills a gap in the current literature will be essential reading for third year undergraduates and above in Biblical studies **Aspects of Amos** Anselm C. Hagedorn, Andrew Mein, 2010-12-19 The volume brings together eight new essays on Amos which focus on a range of issues within the book They represent a number of different approaches to the text from the text critical to the psychoanalytical and from composition to reception Arising out of a symposium to honour John Barton for his 60th birthday the essays all respond either directly or indirectly to his Amos s Oracles Against the Nations and to his lifelong concern with both ethics and method in biblical study *Machiavelli and the Modern State* Alissa M. Ardito, 2021-02-11 This book offers a significant reinterpretation of the history of republican political thought and of Niccol Machiavelli s place within it It locates Machiavelli s political thought within enduring debates about the proper size of republics From the sixteenth century onward as states grew larger it was believed only monarchies could govern large territories effectively Republicanism was a form of government relegated to urban city states anachronisms in the new age of the territorial state For centuries history and theory were in agreement constructing an extended republic was as futile as trying to square the circle but then James Madison devised a compound representative republic that enabled popular government to take on renewed life in the modern era This work argues that Machiavelli had his own Madisonian impulse and deserves to be recognized as the first modern political theorist to envision the possibility of a republic with a large population extending over a broad territory
