Say Yes To Taiwan:

H.R. 1838, the Taiwan Security Enhancement Act United States. Congress. House. Committee on International Relations, 2000 Taiwan and China Lowell Dittmer, 2017-10-03 A free ebook version of this title will be available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more China's relation to Taiwan has been in constant contention since the founding of the People's Republic of China in October 1949 and the creation of the defeated Kuomintang KMT exile regime on the island two months later The island's autonomous sovereignty has continually been challenged initially because of the KMT's insistence that it continue to represent not just Taiwan but all of China and later because Taiwan refused to cede sovereignty to the then dominant power that had arisen on the other side of the Taiwan Strait One thing that makes Taiwan so politically difficult and yet so intellectually fascinating is that it is not merely a security problem but a ganglion of interrelated puzzles The optimistic hope of the Ma Ying-jeou administration for a new era of peace and cooperation foundered on a landslide victory by the Democratic Progressive Party which has made clear its intent to distance Taiwan from China's political embrace The Taiwanese are now waiting with bated breath as the relationship tautens Why did it fail and what chance does Taiwan have without it Contributors to this volume focus on three aspects of the evolving quandary nationalistic identity social economy and political strategy

fantasy that provided psychological comfort to people during the height of imperialism and third that martial arts fiction reflects a patriotic attitude that celebrates the greatness of Chinese culture which in turn is variously described as the China complex colonial modernity essentialized identity diasporic consciousness anxieties about globalization or other psychological and ideological difficulties experienced by the Chinese people

Taiwanese Identity in the 21st Century Gunter Schubert, Jens Damm, 2012-01-30 As we look to enter the second decade of the 21st century Taiwan's quest for identity remains the most contentious issue in the domestic arena of Taiwanese politics From here it spills over into the cross Strait relationship and impacts on regional and global security Whether Taiwan is a nation state or whether Taiwan has any claim to be a nation state and how Taiwan should relate to China are issues which have long been hotly debated on the island although it seems that much of this debate is now more focused on finding an adequate strategy to deal with the Beijing government than on the legitimacy of Taiwan's claim to sovereignty as the Republic of China The collection of chapters in this book shed light on very different aspects of Taiwan's current state of identity formation from historical political social and economic perspectives both domestically and globally As such it will be invaluable reading for students and scholars of Taiwan studies politics history and society as well as those interested in cross Strait relations Chinese politics and Chinese international relations
