The sky is filled with soft, golden light, and a large, dark, rocky hillside is visible on the right. A large, semi-transparent black box with white text is centered over the image.

- 1 The evangelical mind is not well developed and this is especially true for American evangelicals They have failed to sustain a serious intellectual life and have largely abandoned the universities the arts and other realms of high culture
- 2 Evangelical Christians are however in the position of theological conservatives in Great Britain they play a small but vital role in shaping the secular mind They accept the secular mind's frame of reference and criteria and there is no shared field of discourse in which writers can reflect christianly on the modern world and modern man
- 3 Throughout the book America will mostly mean the United States even though the inclusion of Canada in the study of Christian developments in North America is an immensely rewarding effort Occasional efforts will be made to include Canada in the pages that follow
- 4 By the mind or the life of the mind I do not mean theology as such I mean the effort to think like a Christian and to think within a specifically Christian framework across the whole spectrum of modern learning including economics and political science literary criticism and imaginative writing historical inquiry and philosophical studies linguistics and the history of

Harwood, 2013-01-14 Much of the emerging Protestantism of the sixteenth century produced a Reformation in conscious opposition to formal philosophy Nevertheless sectors of the Reformation produced a spiritualizing form of Platonism in the drive for correct devotion Out of an understandable fear of idolatry or displacement of the uniquely redemptive place of Christ Christian piety moved away from the senses and the material world freshly uncovered in the Reformation This volume argues however that in the quest for restoring true religion sectors of the Protestant tradition impugned too severely the material components of prior Christian devotion Larry Harwood argues that a similar spiritualizing tendency can be found in other Christian traditions but that its applicability to the particulars of the Christian religion is nevertheless questionable Moreover in that quest of a spiritualizing Protestant true religion the Christian God could shade toward the conceptual god of the philosophers with devotees construed as rationalist philosophers Part of the paradoxical result was to propel the Protestant devotee toward a denuded worship for material worshipers of the Christian God who became flesh **Themelios, Volume 45, Issue 1** D. Great Commission, Great Confusion, or Great Confession? Lucas V. Woodford, 2012-04-26 There is a great debate going on in the church today It centers on one question What is the mission of the church From culturally relevant emerging congregations to strategic methods of organization and outreach many claim they have the answer They say the mission must become missional Yet the churches of North America continue to struggle Uncertainty is growing What does it really mean to be missional Competing claims abound Get the message out Get the message right Great confusion has set in particularly in the postmodern North American church The Gospel is getting lost Yet throughout the ages the creedal confession of the Holy Christian Church has carried her through uncertainty and struggle The Apostles Creed has steadied and stayed the mission of the church for centuries It centers on the Gospel of Jesus Christ and the work of the Holy Spirit the communion of saints the forgiveness of sins the resurrection of the body and the life everlasting This book celebrates the historic mission of the Holy Christian Church and it invites the North American church to do the same

Babel Church Li Ma, 2021-03-16 Assisted by a diverse mass media industry American evangelicalism has been long plagued by consumerism entrepreneurism and social engineering Churches and movements that carry the name of Christ have become projects of ambition and scandals in the public eye Without fixing its dysfunctions these ministry models have expanded to other parts of the world reaping similar fruits of corruption prejudice and abuses The alarm call of MeToo and ChurchToo movements since 2017 made it more urgent for the global body of Christ to inspect its pathological patterns What kind of response does the MeToo movement require of our public theology and leadership ethics Sociologist Li Ma invites us to re engage with biblical exegesis while being attentive to new mandates of God revealed from MeToo A creative Ellulian integration of sociological analysis and theology Babel Church incisively reveals why American evangelicalism and its global projects have succumbed to the temptations of worldly power at the expense of vulnerable members in the body of Christ

From Fear to Faith Joel L.

Watts, Travis Milam, 2013-05-13 There is a stereotype of a young zealous Christian who feels called to the ministry as a pastor goes to seminary and then loses his faith as he studies the writings of all those intellectuals and theologians. The stereotype may not be accurate but there are those who fit this description not to mention many who leave home for college as passionate Christians and come home unbelievers. More importantly that stereotype represents a fear the fear that too much education or contact with those whose beliefs differ from those of a particular community will cause someone to lose their faith. But there is another group much larger but not heard nearly as frequently. This group consists of people who have gone from the position of fear that creates the stereotype to a position of faith a faith that is no longer afraid of that outer darkness that looms outside the walls of their religious community. Indeed they may not perceive any looming darkness at all. From Fear to Faith edited by Travis Milam and Joel L. Watts gives voice to that too often unheard group. It is a collection of essays from those who have lived in fear have faced the looming dark collided with their share of brick walls but have come out with a new found faith and undismayed trust. The journeys of faith presented in this book reveal a group deeply insightful and grounded minds rich in thriving spirituality joy and hope. Where there was once trepidation in asking the tough questions of human existence of the divine relationship with creation there is now a certain hope found when these authors have struggled to overcome canyons of fear leaving behind a life of black and white certitude to live in a beautiful world of gray. They have learned that having questions and even doubts does not reflect a lack of faith. Rather hiding in fear from the serious questions indicates a lack of faith in the one who said Don't be afraid. Come join in this journey from fear to faith.

At the Margins D. Gareth Jones, 2022-09-21 As a Christian who has functioned at the interface of biomedical science and faith for the whole of his professional life Gareth Jones is aware of the tensions and misunderstandings that frequently arise both inside and outside the church In this book he argues that Christians should not underestimate the importance of scientific contributions to an understanding of God's world He works this out by reference to his own experiences in approaching a number of contentious topics These include the use of embryos in reproductive technology research the place of vaccines in combatting viral pandemics like COVID 19 and understanding the gender debate Other examples he uses are the treatment of a genetic condition like cystic fibrosis and the importance of using only donated bodies for teaching and research in anatomy In working at these borderlands he recognizes that the best of biomedical science brings glory to God and enhances human existence All these areas are transformed by applying Christian values such as the dignity and equality of human beings Over the years he has learned how to be comfortable working in these borderlands even as they raise questions that trouble many within both society and the churches

The Shape of the Church Ephrem Arcement, 2024-10-03 This is a book to help further the ecumenical cause By providing a new paradigm for growth in ecclesial wholeness The Shape of the Church charts a pathway that is at once biblically and theologically grounded and pastorally applicable Seven interdependent dimensions are identified evangelical pentecostal sacramental intellectual mystical pastoral prophetic which constitute the church's wholeness and safeguard its integrity Throughout church history these seven dimensions have struggled to maintain a life giving balance and have often isolated themselves from one another distorting the church's catholicity and wholeness Reform movements have repeatedly arisen to help revive dimensions being neglected but have often over emphasized these dimensions to the neglect of others and further distorted the church's shape The Shape of the Church seeks to offer a vision of the church that values the full dimensionality of the church and insists upon the giftedness of all its dimensions arguing that the path forward to greater ecclesial maturity and wholeness is only through the nurturing and integration of all its seven dimensions
