Gerald F. Kreyche, 2014-07-11 Countless studies of the American West have been written from the viewpoint of history psychology sociology and anthropology But the West has seldom been written about with the reflective pen of a philosopher Offering more than a fresh retelling in thoroughly human terms of the major historical events of the nineteenth century West Gerald Kreyche also leads the reader in a search for the spirit of the West itself That spirit was one with the American Dream which offered freedom individualism and self sufficiency to those strong enough and gutsy enough to heed the call of Manifest Destiny Although the West was and is the most American part of America itself its natural wonders its spacious grandeur its myths and mystique have captured the hearts and imaginations of people the world over We have all experienced the quickened pulse at the mention of things indelibly western tumbleweed mountain men high plains cowboys and Indians sod houses coyotes and grizzlies And who doesn't react to such bigger than life figures as Jim Bridger Buffalo Bill George Armstrong Custer Sitting Bull and Crazy Horse The personal humdrum of our times rapidly disappears when through the magic of western films TV shows and books we vicariously lose ourselves and then find ourselves in the American West of a bygone time The West then produced a quasi separate culture And as each culture must it gave birth to its own ethos its own special character its own tone and set of guiding beliefs Kreyche contends that in the process of westering the veneer of the sophisticated easterner was sloughed off leaving in sharp outline the frontiersman and the pioneer In their own manner these men and women produced a new species of homo americanus      *Insight Guides USA On The Road (Travel Guide eBook)* Insight Guides, 2019-04-01 Insight Guides all you need to inspire every step of your journey From deciding when to go to choosing what to see when you arrive this is all you need to plan your trip and experience the best of the USA on the Road with in depth insider information on must see top attractions like the Grand Canyon and New York City and hidden cultural gems like Savannah and the Olympic Peninsula Insight Guides USA on the Road is ideal for travellers seeking immersive cultural experiences from exploring San Francisco to discovering Niagara Falls In depth on history and culture enjoy special features on New Orleans and Baltimore all written by local experts Invaluable maps travel tips and practical information ensure effortless planning and encourage venturing off the beaten track Inspirational colour photography throughout Insight Guides is a pioneer of full colour guide books Inventive design makes for an engaging easy reading experience About Insight Guides Insight Guides is a pioneer of full colour guide books with almost 50 years experience of publishing high quality visual travel guides with user friendly modern design We produce around 400 full colour print guide books and maps as well as phrase books picture packed eBooks and apps to meet different travellers needs Insight Guides unique combination of beautiful travel photography and focus on history and culture create a unique visual reference and planning tool to inspire your next adventure      [South Dakota](#) Donna Walsh Shepherd, 2001 Describes the geography plants animals history economy religions culture sports arts and people of South Dakota      *Transforming America* Michael C.
