## Level Two

Supplements All Piano Methods • For Piano or Electronic Keyboard

By Wesley Schaum

• Teacher Consultants: Alfred Cahn, Joan Cupp, Sue Pennington •

### FOREWORD

This workbook presents **Level Two** music theory for age 7 through adult.

Melodic and harmonic *interval reading* are emphasized because of their importance for note reading and for training the *sense of touch*. The student should become accustomed to the *feeling between the fingers* to form the space needed to play each interval. The scale fundamentals presented here lay the groundwork for more analytical study of scales later. Scale *fingerings* for both hands are shown separately on page 32 (back inside cover).

Workbook pages should be checked and corrected *before* the "keyboard assignment" is started. Daily *keyboard practice of these workbook pages is essential* to reinforce the learning process. A brief *music dictionary* is on page 32.
