ensure a pedagogy of possibility underpinned by social justice and what has literacy got to do with this This book explores
the positive synergies between critical literacy and place conscious pedagogy Through rich classroom research it introduces
and demonstrates how a synthesis of insights from theories of space and place and literacy studies can underpin the design
and enactment of culturally inclusive curriculum for diverse student communities and illustrates how making place and space
the objects of study provide productive resources for teachers to design enabling pedagogical practices that extend students
literate repertoires The argument is that systematic study of and engagement with specific elements of place can enable
students academic learning and literacy Literacy Place and Pedagogies of Possibility is informed by critical literacy place
conscious pedagogy and spatial theory is richly illustrated with examples from classroom research including teacher and
student artifacts provides new directions for classroom practice in critical literacy This novel combination of multidisciplinary
theory and classroom research extends previous work in critical literacy pedagogy drawing on two decades of ethnographic
and collaborative inquiry in classrooms situated in culturally and linguistically diverse classrooms Scholastic literacy
