Preserving Scientific Data on Our Physical Universe National Research Council, Division on Engineering and Physical Sciences, Commission on Physical Sciences, Mathematics, and Applications, Steering Committee for the Study on the Long-Term Retention of Selected Scientific and Technical Records of the Federal Government, 1995-05-19 This book advises the National Archives and Records Administration and federal R D agencies on the long term retention of scientific and technical data particularly in electronic formats It proposes the creation of a National Scientific Information Resource Federation which would apply a strategic data life cycle management plan to

better link the government's existing scientific data holdings and improve public access to those holdings. The book is expected to draw attention to data management concerns in the context of the current government emphasis on promoting a National Information Infrastructure and to make a significant contribution to improving the inadequate situation regarding our nation's valuable scientific data and information resources.
