Associated with God's Word is written to help individuals spiritually grow and enter a more intimate relationship with God through their faith in Jesus. The book addresses the association between the nature and character of God as Father, Son, and Holy Spirit and our creation as spirit, soul, and body. God's plan for our redemption and reconciliation to Himself through the crucifixion, death, and resurrection of His Son, Jesus. The functions of our mind and heart as the structure of our soul and the related functions of our soul and spirit. The roles faith and trust in and obedience to Jesus. Bible study and prayer play in our spiritual growth. Spiritual gifts and the process through which we identify and develop our unique spiritual gifts. Spiritual life principles that address managing our wealth, loving and forgiving others, suffering, spiritual healing, and the structure of the Christian family. Principles related to serving and ministering to others through the Body of Christ, the Church. The promises Jesus gives in Revelation 2 and 3 to those who persevere, remain faithful, and are obedient to Him.

**Nothing But Your Truth Will Help Me, God!** Rae Lynn De Angelis, 2007-03. God has a plan for each believer's life. Unfortunately, Satan also has a plan to hold Christians prisoner by his lies and deception. Truth in God's Word provides the key to unlocking Satan's prison door. Practical Life.

**More Than Meets the Eye** Thomas L. Larry, 2023-06-12. Misunderstandings of biblical creation texts have resulted from a lack of appreciation of the cultural context of the inspired writers. Views of nature have changed greatly over history. At the time of ancient Israel, people gazed up to the star-studded firmament that separated the waters above from the waters below, and the land was bounded by sea, which merged with the waters above at the horizon. The universe was close and intimate. Pagan peoples believed gods occupied this realm and accounted for much of observed cause and effect. Biblical writers also viewed nature in this context. However, they were distinctly monotheistic, writing of a supreme God who made and gave meaning to everything. God chose a covenant relationship with a select people. This relationship was based on belief in God, faith, and fast forward through many twists and turns of intellectual history, and we come to the modern scientific age. We picture our home as a spherical planet rotating once a day and orbiting the sun yearly. We gaze out at a vast space, seeing distant suns, the stars, and enormous collections of stars, galaxies. Light travels at a known speed, thus astronomers peer back to times billions of years in the past. We need to avoid concordism, conflating modern views with the biblical text. The concordism error has occurred throughout church history up to the present. The book addresses this as well as some discoveries of modern science that were unknown to ancient people. Such discoveries give us good reason to bow in awe before the Creator. Even though mankind's views of nature have greatly changed with time, the message of the Bible is the same. We come to God through faith as did Abraham, who saw more than meets the eye.

**The Journal of Philosophy, Psychology and Scientific Methods**, 1912. Scripture Ronald D. Witherup, 2006. This book describes the history of the Dogmatic Constitution on Divine Revelation, its content, its importance, and how it has helped to direct the future of Roman Catholic biblical studies.
