**Scientists in Power** Spencer R. Weart, 1979 Examining the interrelationships among science society and technology Weart expands upon the sociology and politics of science as he discusses how a small coterie of scientists developed the uranium bomb and transformed history **Psychoanalysis, Science and Power** Kurt Jacobsen, R. D.

Hinshelwood, 2022-11-30 Psychoanalysis Science and Power reexamines the current state of psychoanalysis and science and technology studies as they have been influenced by Robert Maxwell Young's work Robert Maxwell Young a Texas migrant to Britain was a scholar publisher TV documentarian psychoanalytic psychotherapist journal editor conference organizer and political activist Young urged that psychoanalysis particularly in its Kleinian incarnation illuminated new aspects of science and technology studies and vice versa This volume not only provides an overview of Young's life and interests by a stellar cast of scholars and practitioners but also commemorates the many and intersecting streams of his contributions reasoning for their continuing relevance in the contemporary studies of psychoanalysis biological sciences technology and Darwinian thought Presenting perspectives that are rigorously analytical and yet often poignant Psychoanalysis Science and Power will be an important read for students analysts and analytic therapists of all orientations who are interested in broadening their understanding of their practice **Science As Power** Stanley Aronowitz, Science has established itself as not merely the dominant but the only legitimate form of human knowledge By tying its truth claims to methodology science has claimed independence from the influence of social and historical conditions Here Aronowitz asserts that the norms of science are by no means self-evident and that science is best seen as a socially constructed discourse that legitimates its power by presenting itself as truth
