**Private Eye** Brian K. Vaughan, 2025-12-16 Colorful and relevant Slate With stunning artwork propulsive sequential art storytelling and a thought provoking premise this is truly one of a kind Booklist starred review From the creator of the New York Times bestselling series SAGA comes the three time Eisner nominated Panel Syndicate comic's digital comics sensation THE PRIVATE EYE finally available in a paperback edition Set in an inevitable future of where everyone has a secret identity THE PRIVATE EYE is an eerily prescient sci fi mystery about an unlicensed private investigator who stumbles onto the most important case of his life The series is set in 2076 a time after the cloud has burst revealing everyone's secrets As a result there is no more Internet and people are excessively guarded about their identity to the point of appearing only masked in public

**Science Fiction** David Seed, 2011-06-23 Science Fiction has proved notoriously difficult to define It has been explained as a combination of romance science and prophecy as a genre based on an imagined alternative to the reader's environment and as a form of fantastic fiction and historical literature It has also been argued that science fiction narratives are the most engaged socially relevant and responsive to the modern technological environment This Very Short Introduction doesn't offer a history of science fiction but instead ties examples of science fiction to different historical moments in order to demonstrate how science fiction has evolved over time David Seed looks not only at literature but also at drama and poetry as well as film Examining recurrent themes in science fiction he looks at voyages into space the concept of the alien and alternative social identities the role of technology in science fiction and its relation to time in the past present and future ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**The Martian Affair** Connor Whiteley, Every planet has its mysteries Mars hires Drake for an assignment Drake needs the work He gathers information But Drake knows this is strange Can Drake find what he needs Or will his conscience get the better of him If you love gripping exciting twisted sci fi private eye short stories you will love this story BUY IT NOW

Vint, 2011-02-23 The term science fiction has an established common usage but close examination reveals that writers fans editors scholars and publishers often use this word in different ways for different reasons Exploring how science fiction has emerged through competing versions and the struggle to define its limits this Concise History provides an accessible and clear overview of the development of the genre traces the separation of sf from a broader fantastic literature and the simultaneous formation of neighbouring genres such as fantasy and horror shows the relationship between magazine and paperback traditions in sf publishing is organised by theme and presented chronologically uses text boxes throughout to highlight key works in sf traditions including dystopian apocalyptic and evolutionary fiction includes a short overview and

bullet pointed conclusion for each chapter Discussing the place of key works and looking forward to the future of the genre  
this book is the ideal starting point both for students and all those seeking a better understanding of science fiction
