Acrophonology Linda Bender, Pepe Applegate, 2013 When we are born each one of us is given a name a name so unique and purposeful that each letter in it has certain vibrations and energies that correlate to the signs and planets of the zodiac In her comprehensive guidebook Linda Bender shares insight into an ancient science that explains the power and association of letters and words that allows others to unlock the secrets that lie hidden within a name including who we are why we are here where we are going and how we can get there Bender an astrologer and acrophonologist relies on inclusive notes from fellow astrologer Pepe Applegate in order to offer practical tools that help students understand and analyze the vibrational qualities of a name and its relationship to the planets at the time of birth After detailing the complex background of acrophonology Bender provides step by step guidance on how to investigate the letters in a name and apply that knowledge to our own lives and personalities in order to create a happier existence Acrophonology provides valuable information about unmistakable and repeated correlations between astrological factors in birth charts and letters in birth names that empowers anyone to heal from within and ultimately discover their true potential

of time and time keeping instruments **Stars Behind the Tortured Soul** Miriam Slozberg,2011 *The Dam Code* Lise Rochon,2023-04-25 This is a dangerous book to read so the reader is warned to be prepared and read the Introduction first to be more acquainted with that new knowledge This book is dedicated to women This book relates how The Code of Words and Letters and other Occult sciences were infiltrated in the general population at all levels for about 2000 years to the very poor uneducated to the very rich and educated This book is inspirational It is an empirical study therefore its length This book came to me as only a few clues to eventually become a tsunami of inspiration Quatrain John Medler,2011-01-13 In 1557 Nostradamus published a collection of four line rhyming prophetic verses called Squatrains The initial collection was supposed to have 1000 prophecies However only 942 survived until now Can a cynical college professor and his two rebellious teenagers find the 58 lost prophecies of Nostradamus and use them to stop an impending terrorist attack and will anyone believe them **Onscreen and Undercover** Wesley Britton,2006-10-30 Wes Britton s Spy Television 2004 was an overview of espionage on the small screen from 1951 to 2002 His Beyond Bond Spies in Fiction and Film 2004 wove spy literature movies radio comics and other popular media together with what the public knew about actual espionage to show the interrelationships between genres and approaches in the past century Onscreen and Undercover the last book in Britton s Spy Trilogy provides a history of spies on the large screen with an emphasis on the stories these films present Since the days of the silent documentary short spying has been a staple of the movie business It has been the subject of thrillers melodramas political films romances and endless parodies as well But despite the developing mistrust of the spy as a figure of hope and good works the variable relationship between real spying and screen spying over the past 100 years sheds light on how we live what we fear who we admire and what we want our culture and our world to become Onscreen and Undercover describes now forgotten trends traces surprising themes and spotlights the major contributions of directors actors and other American and English artists The focus is on movies on and off camera In a 1989 National Public Radio interview famed author John Le Carre said a spy must be entertaining Spies have to interest potential sources and be able to draw people in to succeed in recruiting informants In that spirit Wes Britton now offers Onscreen and Undercover **Love - Tears of Pain** J. D. Hendel,2020-09-02 Book Delisted *Mythology for the Microcosm* A. Brian Lasater,2005-12 About my book Although there is nothing new under the sun it is always useful to reevaluate old ideas and principles and express them in new and original ways There are many books on the Kabala but based on what I have seen and read there is room for a comprehensive approach Many authors leave out fundamental principles altogether like the authors who don t even mention the celestial bodies and the Zodiac On the other hand scholars of mythology generally do not even refer to astrology and the Kabala and apparently do not recognise that the celestial bodies were the principle gods of the ancient pantheon My approach has been to briefly discuss some of the fundamental elements of the old theologies and relate them to astrology and the Kabala from a modern perspective Thus I have laid an essential foundation for the Kabala and astrology and placed them

the context of Greek and Roman mythology Since I have adopted a broad perspective the reader has a basis for pursuing these subjects in a variety of ways I have not seen any other book that relates astrology and the Kabala to Greek and Roman mythology the Bible and then relates these to Mesopotamian and Egyptian mythology The ancient theologies have many fundamental elements in common and these form key parts of the foundation of astrology and the Kabala In addition I have given a concise discussion of the Four Alchemical Elements the Signs of the Zodiac and the Celestial Bodies and placed them in a Kabalistic framework To truly comprehend the Kabala and Astrology it must be remembered that it is one complete whole and it is broken down to make analysis practicable Therefore I have discussed Creation and the Ten Sephiroth the trinity in some of its forms as a sacred elements in Creation and in Man and Woman the Four Elements and the Zodiac Then from a mythological and theological perspective I have looked briefly at Mesopotamia and Egyptian As a counterweight to our cynical age I have looked at the Golden Age of Atlantis and the mythological heroes and heroines of the primordial past serve as exemplars and encourage us to strive to attain some of Occidental Civilization's highest ideals On the other hand Atlantis is a warning the misuse of knowledge and power leads to the destruction of civilization Further from a theological and mythical perspective the Sephiroth were divine instruments used in Creation On a more mundane level the Kabala and astrology are a means to know ourselves and obey the injunction Know Thyself that used to be inscribed on Apollo's temple at Delphi This book is based on the work of the ancients whose writing is superb The quotes in English from the ancients are the best part of the book and it is a pleasure to read *Signs of the Zodiac* Health Research,1993-06 Giving ruling planet color perfume metal element best location to live part of body influenced most best profession musical tone flower gem bible reference mineral salt temperament Know more about the people associated with you in your dail **The Mariner's Guide; Or, a New ...
