**The Scorpion and the Frog** Salvatore Lauria, David S. Barry, 2003 Presents a tale of greed ambition corruption and its painful aftermath showing how investors were defrauded out of millions of dollars by many of the same techniques that are used by some of the major brokerage firms

**The Rather Ridiculous Ruses that Fuel Revolutionary Unrest** Tiffany Twain, 2017-01-19 This Eleventh Book of the Earth Manifesto is a compendium of thoughts and ideas that began in 2016 and evolved quickly in 2022 and 2023 in response to tumultuous events It provides compelling understandings of the challenges we face in the world today with growing reactionary movements that are creating global discord and unrest and authoritarian governments and it provides positive ideas on how we should best cope with these problems to make our societies fairer and healthier This compilation is a work in process that also contains a lengthy analysis of Supreme Court Politics Chicanery and Corruption and a dated and provisional Film Script for the Earth Manifesto

*Crime in Progress* Glenn Simpson, Peter Fritsch, 2019-11-26 1 NEW YORK TIMES BESTSELLER I've read kind of all the books on this subject and this is the one you want to read Rachel Maddow Before Ukraine before impeachment This is the never before told inside story of the high stakes four year long investigation into Donald Trump's Russia ties culminating in the Steele dossier and sparking the Mueller report from the founders of political opposition research company Fusion GPS Fusion GPS was founded in 2010 by Glenn Simpson and Peter Fritsch two former reporters at The Wall Street Journal who decided to abandon the struggling news business and use their reporting skills to conduct open source investigations for businesses and law firms and opposition research for political candidates In the fall of 2015 they were hired to look into the finances of Donald Trump What began as a march through a mind boggling trove of lawsuits bankruptcies and sketchy overseas projects soon took a darker turn The deeper Fusion dug the more it began to notice names that Simpson and Fritsch had come across during their days covering Russian corruption and the clearer it became that the focus of Fusion's research going forward would be Trump's entanglements with Russia To help them make sense of what they were seeing Simpson and Fritsch engaged the services of a former British intelligence agent and Russia expert named Christopher Steele He would produce a series of memos which collectively became known as the Steele dossier that raised deeply alarming questions about the nature of Trump's ties to a hostile foreign power Those memos made their way to U.S. intelligence agencies and then to President Barack Obama and President elect Trump On January 10 2017 the Steele dossier broke into public view and the Trump Russia story reached escape velocity At the time Fusion GPS was just a ten person consulting firm tucked away above a Starbucks near Dupont Circle but it would soon be thrust into the center of the biggest news story on the planet a story that would lead to accusations of witch hunts a relentless campaign of persecution by congressional Republicans bizarre conspiracy theories lawsuits by Russian oligarchs and the Mueller report In *Crime in Progress* Simpson and Fritsch tell their story for the first time a tale of the high stakes pursuit of one of the biggest most important stories of our time no matter the

costs     *The Districts* Johnny Dwyer,2020-09-08 Johnny Dwyer examines the New York crimes we've seen in the news in movies and on television drug trafficking organized crime terrorism corruption and white collar crime while weaving in the nuances that rarely make it into headlines Told in the kind of pointillist detail that can only come from years of hanging around the courthouse and doing old school shoe leather reporting Patrick Radden Keefe author of Say Nothing The Rosenbergs Rudy Giuliani Bernie Madoff James Comey John Gotti Preet Bharara and El Chapo are just a few of the figures to have appeared before the courts in the Southern and Eastern District of New York the two federal courts tasked with maintaining order in New York City These two epicenters of power in our justice system have become proving grounds for ambitious prosecutors who turn their service in government into power position and in some cases celebrity These attorneys don't hope for victory in court they expect it In *The Districts* Johnny Dwyer takes us not just into the courtrooms but also into the lives of the judges and defendants prosecutors and defense counsels and winners and losers who people the courts An unprecedented look at New York City's federal court system that exposes the incentives driving how America chooses to punish crime and what those choices reveal about our politics and our society *The Districts* paints a revelatory picture of how our justice system and the pursuit of justice really works     Useful Assets Robert C. Williams,2019-01-04 *Useful Assets* By Robert C Williams *The Life of Lies* The silent circle of assent The boss in complete control Loyalty oaths An us versus them worldview Lying about things large and small in service to some warped code of loyalty These rules and standards were hallmarks of the Mafia but throughout my career I'd be surprised how often I'd find them applied outside of it James Comey A Higher Loyalty Truth Lies and Leadership N Y Flatiron Books 2018 page 7 *Useful Assets* explores the deep rooted ties between the Trump family the Russians and Eurasian organized crime dating as far back as 1977 But just how deep do those ties go How involved were the Russians in the outcome of the 2016 presidential election and how does this link to our current constitutional crisis In this thoroughly researched political expos Russian historian Robert C Williams strives to answer those questions and more     **Trump/Russia** Seth Hettner,2018 *Trump Russia* reveals in damning detail after damning detail the crystal clear story of Donald Trump's collusion with Russia Veteran Associated Press reporter Seth Hettner diligently tracks the ongoing history of interaction between Trump and his associates with Russian politicians mobsters developers black marketeers and financiers With extensive new reporting it includes some tantalising deep dives on stories that have only been hinted at so far such as the truth about Trump and allegations of secretly recorded sex in Moscow's most expensive hotel rooms     *House of Trump, House of Putin* Craig Unger,2018-08-14 THE NEW YORK TIMES BESTSELLER The story Unger weaves with those earlier accounts and his original reporting is fresh illuminating and more alarming than the intelligence channel described in the Steele dossier The Washington Post *House of Trump House of Putin* offers the first comprehensive investigation into the decades long relationship among Donald Trump Vladimir Putin and the Russian Mafia that ultimately helped win Trump the White House It is a chilling story that begins in the 1970s when Trump made his first

splash in the booming money drenched world of New York real estate and ends with Trump's inauguration as president of the United States That moment was the culmination of Vladimir Putin's long mission to undermine Western democracy a mission that he and his hand selected group of oligarchs and Mafia kingpins had ensnared Trump in starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City This book confirms the most incredible American paranoias about Russian malevolence To most it will be a hair raising revelation that the Cold War did not end in 1991 that it merely evolved with Trump's apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union In House of Trump House of Putin Craig Unger methodically traces the deep rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia He traces Donald Trump's sordid ascent from foundering real estate tycoon to leader of the free world He traces Russia's phoenix like rise from the ashes of the post Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower Without Trump Russia would have lacked a key component in its attempts to return to imperial greatness Without Russia Trump would not be president This essential book is crucial to understanding the real powers at play in the shadows of today's world The appearance of key figures in this book Paul Manafort Michael Cohen and Felix Sater to name a few ring with haunting significance in the wake of Robert Mueller's report and as others continue to close in on the truth

The Scorpion and the Frog William A. Borst, 2004 To deny that conspiracies exist is to deny history While there are several chapters on traditional conspirators from the Masons through the Bilderbergers the book unveils the ideas that have unified conspiracies into a coherent rendition of evil This book is an intellectual history of the City of God versus the City of Man in the ultimate culture war It does not take a cadre of men in some secret room to effect a unified conspiracy Like the scorpion in the fable their ideas become second nature to liberals socialists or communists and they act in accordance with their nature

*Dope Double Agent* Michael Agar, 2006 Dope Double Agent is a war on drugs story one that starts in the 60s and only ends with the last lines of the book More than this it is the story of a young Berkeley student and occasional drug user who turns into an insider expert in the drug war with a personal agenda to subvert and correct it He checks in as a heroin patient works the streets of New York dips into worlds of PCP and LSD and seeks the sources of crack heroin and ecstasy The delusions of the experts the public and the politicians amaze him and make him think the double agent job will

be easy Instead it is impossible He fails spectacularly so on such hallowed ground as the National Academy of Sciences and the National Institutes of Health Come behind the scenes and watch the drug policy emperor march along for decades thinking he wears a new suit of clothes     Ignorance Paradox Anonymous,2025-07-14 A book about us our lives Awareness is all Live more confidently     **Swindlers All, a Brief History of Government Business Frauds from Alexander**

**Hamilton to AIG** Michael Powelson,2019-04-24 In the wake of the Great Recession of 2007 2008 millions of hardworking Americans lost their jobs and their homes their retirements and their income However the corporations that caused the Great Recession lost nothing and were in fact given trillions of dollars by the government in an unprecedented financial bailout While over 16 trillion dollars went missing not a single Wall Street executive was punished or even charged with a crime This book chronicles some of the government and business frauds carried out throughout US history These swindles were carried out by such Founders as Alexander Hamilton George Washington James Madison and Thomas Jefferson Corruption was also at the core of the Andrew Jackson administration and played a key role in perpetrating the Panic of 1837 and government and business fraud was rampant in the construction of both the transcontinental railroad and the Panama Canal Court rulings granting corporations the status of legal personage were part of a broader scam that extended greater constitutional and legal protections to corporations while denying Blacks and workers their own constitutional and legal rights Government and business frauds of the 1920s played a prominent role in spawning the Great Depression of 1929 while funding and provisioning the US military has always been inundated with a wide variety of scams In the early 1990s government and business scams resulted in the collapse of the savings and loan industry while the frauds of the early 21st century resulted in the Great Recession of 2007 2008 Today all of the factors are in place to lead to yet another depression recession which will be followed inevitably by a massive government bailout of banks and corporations     *The Spikatur Cycle* Alan Burt

Akers,2011-03-01 Four hundred light years from Earth Kregen is a marvelous world peopled by wonderful beings filled with light and clamor and furor of life lived to the hilt But Kregen has its darker side where horror and terror bind innocent people where sorceries rend reason where injustice denies light The Spikatur Cycle brings Prescott closer to the realization of many of his dreams He is determined to do what he feels is laid upon him but he finds it is not so easy particularly when the Empress Delia and his comrades are determined to keep him out of trouble But he is Dray Prescott Lord of Strombor and Krozair of Zy and that canny old leem hunter will not be prevented from buckling up the brave old scarlet breechclout and hurtling off beneath the Moons of Kregen into fresh headlong adventure with a sword in his fist The marvelous adventures of Dray Prescott on Kregen the world of wonders that orbits the twin suns of Antares in Scorpio have become a science fiction saga to rival and perhaps surpass the works of Edgar Rice Burroughs and others of the heroic fantasy band Beasts of Antares Dray Prescott lone Earthman once a pawn of cosmic powers rallies the warriors of Vallia for a final stand against the foes that encircle them Then in an act of true Prescott bravado undertakes single handed to rescue three old friends from slavery in a

distant land The beasts of Antares are many and terrifying but Prescott does not belong to the faint hearted and he will need every ounce of courage this time Rebel of Antares At last Prescott has come in sight of his goal to overthrow the slavers and their evil empires that he shares with the Star Lords On the island kingdom of Hyrklana his course now seems clear overthrow its decadent queen lead a rebellion against the cruel Arena and free the princess who is its rightful ruler It is a hard task but for Dray Prescott against whom sorcerers and swordsmen have contended it is the only course he could follow Legions of Antares For too long the iron legions of the evil empress of Hamal have devastated the neighboring lands and islands of Kregen Dray Prescott has battled Empress Thyliss all the way and at long last finds himself nearing the end of his long campaign Gathering about himself old allies and former enemies Dray prepares to challenge the empress at the very doors of her capital city until he discovers that she is about to spring her secret weapon the super science of the mad wizard of Loh Allies of Antares Dray Prescott has made himself into a rallying point of strength on Kregen Now after the worst war between the humanoid lands has finally concluded Prescott again confronts the Star Lords only to learn that the hard won peace is just a transition to a great hemispheric invasion that was even then raiding over the horizon This book contains a glossary of the Spikatur cycle     The Immaculate Mistake Rodney Wallace Kennedy,2021-09-23 President Donald Trump originated his political career by claiming that Barack Obama was not born in the USA His birtherism theory was discredited but there s another possibility about birth Evangelicals have given birth to Donald Trump in the immaculate mistake Evangelicals are not a collection of dumb and irrational people they are the creators of the demolition presidency of Trump He is their child the result of almost one hundred years of evangelical angst resentment and hurt This is the story of how Trump has become a secular evangelical preacher and his message of fear hatred division and getting even has captured the hearts and minds of evangelicals Rather than dismissing them this work takes them seriously and literally and offers a frank and disturbing series of portraits of their determination to win at all costs     **The New-York Mirror** ,1830     *Gleason's Pictorial Drawing-room Companion* ,1855     *New York Mirror* Theodore Sedgwick Fay,1830
