The A to Z of Kant and Kantianism Helmut Holzhey,Vilem Mudroch,2010-02-12 Few philosophers stand out as boldly as Immanuel Kant While he did not write as much as others his principle works Critique of Pure Reason Critique of Practical Reason and Critique of Judgment are known worldwide During his time schools of Kantianism quickly sprang up and were later joined by schools of Neokantianism Admittedly not all of Kant s concepts have aged well but many are still taught among the basics of philosophy today and therefore must be known by every student The A to Z of Kant and Kantianism provides a comprehensive dictionary that will aid not only students but also teachers and the general public since it contains hundreds of entries describing Kant s life and works and explaining his concepts as well as the contributions of his followers and also some opponents Furthermore much of the writings of the Neokantians as well as the literature dealing with this movement are not available in English thus this book provides an introduction to this phenomenon to the English language reader Given the inevitable problems of language the glossary is particularly helpful while the bibliography makes the massive amounts of literature more accessible [Historical Dictionary of Kant and Kantianism](#) Vilem Mudroch,Helmut Holzhey,2020-07-06 Immanuel Kant was one of the most significant philosophers of the modern age Historical Dictionary of Kant and Kantianism Second Edition contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on key terms of Kant s philosophy Kant s major works and cover his most important predecessors and successors concentrating especially on the relation of these thinkers to Kant himself This book is an excellent resource for students researchers and anyone wanting to know more about Immanuel Kant *The A to Z of Kant and Kantianism* Helmut Holzhey,Vilem Mudroch,2010 Few philosophers stand out as boldly as Immunuel Kant 1724 1804 His principal works including Critique of Pure Reason Critique of Practical Reason and Critique of Judgement are known worldwide During his time schools of Kantianism quickly sprang up and were later joined by schools of Neokantianism
