Scoundrels Desire:

Humanisation? Colette Soler, 2018-06-19 Unquenched desire the dividing up of the drives repetition and symptom are the keywords for the effects that the unconscious as deciphered by Freud has on the body Harmony is not on the agenda but rather the discordance unlinking and arrogance of cynical jouissances It seems that the discourse of capitalism is today increasing their deleterious consequences with all of these demonstrative suicides but also suicides as diverse as those of terrorists Tibetan monks those beleaguered by the capitalist enterprise and all the hopeless of our time Hence the question that Lacan posed concerning the possible humanisation of this denatured animal about whom Freud did not hesitate to say that he is a wolf to man even though he has always made community What will the psychoanalyst say about possible solutions he whose act excludes the call to norms of any kind Humanisation is the 2013 2014 volume of the annual seminar held by the author at the Clinical College of the Lacanian Field in Paris
