

**SPAIN**  
 I'd like to see Africa, but I can't seem to get it. I've been to the top part of Morocco, but I don't like to give our hands on the whole country. But France disagrees and won't give it up.

**FRANCE**  
 Our country's love affair with Africa began in Senegal and Algeria, from where we sent word across the Sahara until the British stopped us in Sudan. We own more of Africa than anyone else—even if most of it is sand!

**ITALY**  
 We may be a young country, but we want our own empire, just like France and Britain.

We've already grabbed Eritrea and Somalia, and now it's Libya's turn. The Ethiopians throw us out—but one day, who knows?

**BRITAIN**  
 The Ottoman rulers of Egypt were weak, so we stepped in and took over control of the Suez Canal to protect our sea route to India. An Islamic religious leader known as the Mahdi "graded" our? And a rebellion in Sudan (then part of Egypt), so we fought a war and took charge there as well.

**BELGIUM**  
 I'm King Leopold II of Belgium. I ran this massive chunk of central Africa as my personal estate and made a huge fortune from the rubber plantations and copper. People said I mistreated my African workers, and maybe it is true that within 17 years half the population had been worked or starved to death. But was it really necessary to make me hand the Congo over to the state of Belgium? No wonder!

**GERMANY**  
 Our leaders, Kaiser Wilhelm I and Chancellor Bismarck, were determined that the great German Empire should not be left out of the African land grab, so we carved out four widely scattered colonies for ourselves from what remained. We may have been last on the scene, but, hey, we deserve our place in the sun, too, don't we?

**PORTUGAL**  
 We used to ship slaves to Brazil from our forts along the coasts of Mozambique and Angola, which we've owned since the 1500s. But now that business is over, we've moved inland to claim land there.

**BRITAIN**  
 We took over the Cape colony of South Africa from the Dutch in 1804. That gave us a base to move into southern Africa, with its wealth of gold and diamonds. Leading the way was Cecil Rhodes, who dreamed of building a railroad from Cairo in Egypt to the Cape.

# THE SCRAMBLE FOR AFRICA

Before 1870, European colonization of Africa was limited to a handful of small coastal settlements. Then diamonds were found in South Africa. Suddenly every colonial power wanted a share of Africa's mineral wealth—and the unclaimed Congo basin was a prime target. The race for colonies grew so frantic that in 1884 a conference was held in Berlin to settle rival claims. African resistance was powerless against European guns, and by 1914 almost the entire continent was under European rule.

**LAND OCCUPATION** (Borders and coastal waters are included)

Belgium	Italy
France	Portugal
Germany	Spain
Great Britain	Independent
