Humphrey Jennings and British Documentary Film: A Re-assessment Mr Philip C Logan, 2013-07-28 Humphrey Jennings ranks amongst the greatest film makers of twentieth century Britain Although a relatively unknown figure to the wider public his war time documentaries are regarded by many including Lord Puttnam Lindsay Anderson and Mike Leigh as amongst the finest films of their time Groundbreaking both in terms of their technique and their interest in and respect for the everyday experiences of ordinary people these films are much more than mere government propaganda Instead Jennings work offers an unparalleled window into the British home front and the hopes fears and expectations of a nation fighting for its survival Yet until now Jennings has remained a shadowy figure with his life and work lacking the sustained scholarly investigation and reassessment they deserve As such film and social historians will welcome this new book which provides an up to date and thorough exploration of the relationships between Jennings life ideas and films Arguing that Jennings's film output can be viewed as part of a coherent intellectual exercise rather than just one aspect of the artistic interests of a wide ranging intellectual Philip Logan paints a much fuller and more convincing picture of the man than has previously been possible He shows for the first time exactly how Jennings's artistic expression was influenced by the fundamental intellectual social and cultural changes that shook British society during the first decades of the twentieth century Combining biography social history and international artistic thought the book offers a fascinating insight into Jennings his work the wider British documentary film movement and the interaction between art and propaganda Bringing together assessments of his tragically short life and his films this book is essential reading for anyone with an interest in British cinema or the social history of Britain in the 1930s and 40s

Pablo Picasso and Dora Maar Dr Enrique Mallen, 2021-03-12 Although Pablo Picasso spotted Dora Maar at a cafe in January 1936 it is highly likely that she had come to his attention prior As Brass a Hungarian French photographer recalled It was at Les Deux Magots that one day in autumn 1935 he met Dora On an earlier day he had already noticed the grave drawn face of the young woman at a nearby table the attentive look in her light colored eyes sometimes disturbing in its fixity When Picasso saw her in the same cafe in the company of the surrealist poet Paul Irujo who knew her the poet introduced her to Picasso Brass a k a Gyula Hal sz Conversations with Picasso University of Chicago Press 1999 Tinged with a seductive mix of violence and dark eroticism this first meeting has attained mythical status in the story of the artist s life It reads like an unreal fantasy A mysterious and feline beauty which Man Ray had captured in the pictures he took of her a companion of Georges Bataille Dora was an accomplished photographer close to the Surrealists revolutionary aesthetics Picasso addressed her in French which he assumed to be her language she replied in Spanish which she knew to be his For the next decade the painter would translate not just his fascination with the woman who had seduced him on the spot but also his desire to escape the grip of someone who for the first time could intellectually aspire to be his equal Dora would appear in his works as a female Minotaur a Sphinx a lunar goddess and a muse Because of her intense artistic sensibility her poetic gifts and her ability to participate in suffering she was especially qualified to resonate Picasso s own inner torments during these troubled years

A Life of Picasso IV: The Minotaur Years John Richardson, 2021-11-16 The beautifully illustrated fourth volume of Picasso s life set in France and Spain during the Spanish Civil War and World War II covers friendships with the surrealist painters artistic inspiration around Guernica and the Minotaur and his muses Marie Therese Dora Maar and Fran oise Gilot and much more Including 271 stunning illustrations and drawing on original and exhaustive research from interviews and never before seen material in the Picasso family archives this book opens with a visit by the Hungarian French photographer Brass a to Picasso s chateau in Normandy Boisgeloup where he would take his

iconic photographs of the celebrated plaster busts of Marie Thérèse Picasso's mistress and muse Picasso was contributing to André Breton's *Minotaure* magazine and he was also spending more time with the likes of Man Ray Salvador Dalí Lee Miller and the poet Paul Éluard in Paris as well as in the south of France It was during this time that Picasso began writing surrealist poetry and became obsessed with the image of himself as the mythic Minotaur head of a bull body of a man and created his most famous etching *Minotaure machie* Richardson shows us the artist is as prolific as ever painting Marie Thérèse but also painting the surrealist photographer Dora Maar who has become a muse a collaborator and more In April 1937 the bombing of the town of Guernica during the Spanish Civil War inspires Picasso's vast masterwork of the same name which he paints in just a few weeks for the Spanish Pavilion at the Paris World's Fair When the Nazis occupy Paris in 1940 Picasso chooses to remain in the city despite the threat that his art would be confiscated In 1943 Picasso meets Françoise Gilot who would replace Dora and as Richardson writes rejuvenate his psyche reawaken his imagery and inspire a brilliant sequence of paintings As always Richardson tells Picasso's story through his work during this period analyzing how it shows what the artist was feeling and thinking His fascinating and accessible narrative immerses us in one of the most exciting moments in twentieth century cultural history and brings to a close the definitive and critically acclaimed account of one of the world's most celebrated artists

Max Ernst and Alchemy M. E. Warlick, 2013-05-01 Surrealist artist Max Ernst defined collage as the alchemy of the visual image Students of his work have often dismissed this comment as simply a metaphor for the transformative power of using found images in a new context Taking a wholly different perspective on Ernst and alchemy however M E Warlick persuasively demonstrates that the artist had a profound and abiding interest in alchemical philosophy and often used alchemical symbolism in works created throughout his career A revival of interest in alchemy swept the artistic psychoanalytic historical and scientific circles of the late nineteenth and early twentieth centuries and Warlick sets Ernst's work squarely within this movement Looking at both his art many of the works she discusses are reproduced in the book and his writings she reveals how thoroughly alchemical philosophy and symbolism pervade his early Dadaist experiments his foundational work in surrealism and his many collages and paintings of women and landscapes whose images exemplify the alchemical fusing of opposites This pioneering research adds an essential key to understanding the multilayered complexity of Ernst's works as it affirms his standing as one of Germany's most significant artists of the twentieth century
