Haunted Pet Stories Mary Beth Crain, 2011-07-19 Since ancient times stories have abounded concerning the existence of ghost animals From the Native American animal spirits to the menacing demon dogs of medieval England to present day encounters with animal apparitions there can be little doubt that animals like people live after death and pass back and forth between this world and the next In the realm of the paranormal experiences concerning deceased pets who revisit the living are common events Like the ghosts of humans pet ghosts return for various reasons Sometimes they appear to say goodbye Sometimes they want to reassure their grieving owners that they are all right and that their

spirits are always with them And sometimes as they often did in life they are guarding their beloved humans delivering a message or a warning Haunted Pets covers a wide range of encounters with animal ghosts Some of these encounters are comforting others are terrifying In general when pets return in ghostly form they provide comfort and protection to the living But there are other less benign phantom creatures who have been known to haunt places of violence or exact revenge upon humans for evil deeds which while long past have somehow evaded justice **Haunted Aberdeen and District** Geoff
