Wiley, Barbara Barnett, 2009-05-27 As a former nurse and someone who now teaches Women's Studies I have long been interested in the politics of health care Today most Americans would agree that our health care system is broken We pay more for health care than any nation in the world yet in 2007 the World Health Organization ranked us as 37th in quality of health care Forty six million Americans are now without health insurance What is happening here And just where are all these dollars going In Women Wellness and the Media thirteen scholars from a wide range of disciplines examine the relationship between media stereotypes and women's health They look at several images of women the perfect

mom the straight bikini clad sixteen year old blond who has been air brushed to perfection the wild black Jezebel who struts her stuff and the shriveled up menopausal crone The writers point out that these images are making millions of dollars for all sorts of businesses ranging from the pharmaceutical industry to women s magazines Scholars have long noted that stereotypes disempower women in Women Wellness and the Media we see how these stereotypes actually harm women s health while turning millions in corporate profits

*Male and Female Made in God's Image* Frances O'Dair,2019-04-04 In this era of distorted ideas about our inherent roles identities and purposes as men and women it has never been as important that we seek reconciliation in marriage and families so there can be a more rational approach to the real problems the whole world suffers We must disseminate God s truth and extinguish the lies and myths that Satan has embedded into the hearts and minds of many people Building on these ideas in Male and Female Made in God s Image author Frances O Dair offers her perspective on dating marriage and family which she believes reflects the experiences of most married couples before the sexual revolution of the 1960s She encourages men and women to reflect on the wise or self serving natures of their past dating and mating choices If we can stop the reckless self gratifying use of human sexuality with our children our loving direction and understanding of God s truth can set them free from the temptations that have been passed down to recent generations We must be ready to admit that sexual freedom is a myth and isn t intended for the well

**Education and the Female Superhero** Andrew L. Grunzke, 2019-12-17 Considering a variety of female superhero narratives including World War II era Wonder Woman comics the 1970s television programs The Secrets of Isis and The Bionic Woman and the more recent Buffy the Vampire Slayer Education and the Female Superhero Slayers Cyborgs Sorority Sisters and Schoolteachers argues that they share a vision of education as the path to female empowerment In his analysis Andrew L. Grunzke examines female superheroes who are literally teachers or students exploring examples of female superheroes whose alter egos work as schoolteachers or attend school during the workday and fight evildoers when they are outside the classroom Taking a broader view of education Grunzke argues that the superheroine in popular media often sees and articulates her own role as being an educator In these narratives female superheroes often take it upon themselves to teach self defense tactics prevent victimization and encourage people especially female victims to pursue formal education Moreover Grunzke shows how superheroines tend to see their relationship with their adversaries as rehabilitative and educative trying to set them on the correct path rather than merely subdue or dominate them

**Movement** Jennifer Nelson, 2003-10 Uncovers the truth behind the ideas struggles and eventually success of Black and Puerto Rican Nationalists regarding key feminist issues of the 1960s 1970s and 1980s While most people believe that the movement to secure voluntary reproductive control for women centered solely on abortion rights for many women abortion was not the only or even primary focus Jennifer Nelson tells the story of the feminist struggle for legal abortion and reproductive rights in the 1960s 1970s and early 1980s through the particular contributions of women of color She explores the relationship between second wave feminists who were concerned with a woman's right to choose Black and Puerto Rican Nationalists who were concerned that Black and Puerto Rican women have as many children as possible for the revolution and women of color themselves who negotiated between them Contrary to popular belief Nelson shows that women of color were able to successfully remake the mainstream women's liberation and abortion rights movements by appropriating select aspects of Black Nationalist politics including addressing sterilization abuse access to affordable childcare and healthcare and ways to raise children out of poverty for feminist discourse
