Long Road Home Us Prisoner Of War Policy

G Thomas

Long Road Home Us Prisoner Of War Policy:

The Long Road Home Vernon E. Davis, 2000 Contains a history of the United States role in shaping prisoner of war policy during the Vietnam War Reveals the difficult often emotional and vexing nature of a problem that engaged the attention of the highest officials of the United States government Examines frictions and disagreements between the State and Defense Departments and within Defense itself as a sometimes conflicted organization struggled to cope with an imposing array of policy issues *The Long Road Home* Vernon E. Davis, 2000 Making Sense of the Vietnam Wars Mark Philip

Bradley, Marilyn B. Young, 2008-04-30 Making sense of the wars for Vietnam has had a long history The question why Vietnam dominated American and Vietnamese political life for much of the length of the wars and has continued to be asked in the decades since they ended This volume brings together the work of eleven scholars to examine the conceptual and methodological shifts that have marked the contested terrain of Vietnam War scholarship Editors Marilyn Young and Mark Bradley s superb group of renowned contributors spans the generations including those who were active during wartime along with scholars conducting research in Vietnamese sources and uncovering new sources in the United States former Soviet Union China and Eastern and Western Europe Ranging in format from top down reconsiderations of critical decision making moments in Washington Hanoi and Saigon to microhistories of the war that explore its meanings from the bottom up these essays comprise the most up to date collection of scholarship on the controversial historiography of the Vietnam Wars

The Persistence of Reciprocity in International Humanitarian Law Bryan Peeler, 2019-10-24 The expectation of reciprocity continues to be an important factor when states consider their legal obligations in armed conflicts In this monograph Peeler looks at the text and negotiations around the 1949 Geneva Conventions and the Protocols Additional to the Geneva Conventions from 1977 to demonstrate the many places where international humanitarian law maintains expectations of reciprocity This complements an examination of US policy regarding its Prisoner of War obligations in both the Vietnam War and the Global War on Terror demonstrating how states make use of the expectation of reciprocity found in international humanitarian law to respond to continued non compliance by an enemy **Parameters** ,2000 **Air Force Magazine** ,2000-07 *The League of Wives* Heath Hardage Lee, 2019-04-02 With astonishing verve The League of Wives persisted to speak truth to power to bring their POW MIA husbands home from Vietnam And with astonishing verve Heath Hardage Lee has chronicled their little known story a profile of courage that spotlights 1960s era military wives who forge secret codes with bravery chutzpah and style Honestly I couldn t put it down Beth Macy author of Dopesick and Factory Man Exhilarating and inspiring Elaine Showalter Washington Post The true story of the fierce band of women who battled Washington and Hanoi to bring their husbands home from the jungles of Vietnam On February 12 1973 one hundred and sixteen men who just six years earlier had been high flying Navy and Air Force pilots shuffled limped or were carried off a huge military transport plane at Clark Air Base in the Philippines These American servicemen had endured years of brutal torture kept shackled and

starving in solitary confinement in rat infested mosquito laden prisons the worst of which was The Hanoi Hilton Months later the first Vietnam POWs to return home would learn that their rescuers were their wives a group of women that included Jane Denton Sybil Stockdale Louise Mulligan Andrea Rander Phyllis Galanti and Helene Knapp These women who formed The National League of Families would never have called themselves feminists but they had become the POW and MIAs most fervent advocates going to extraordinary lengths to facilitate their husbands freedom and to account for missing military men by relentlessly lobbying government leaders conducting a savvy media campaign conducting covert meetings with antiwar activists and most astonishingly helping to code secret letters to their imprisoned husbands In a page turning work of narrative non fiction Heath Hardage Lee tells the story of these remarkable women for the first time The League of Wives is certain to be on everyone s must read list *Red Internationalism* Salar Mohandesi,2023-02-23 Shows how human rights displaced anti imperialism as the dominant framework for changing the world in the 1960s and 1970s **The Long Road Home. U.S. Prisoner of War Policy and Planning in Southeast Asia**, 1975 The Long Road Home is a companion work to the recently published book on the prisoner of war experience in Southeast Asia Honor Bound by Stuart I Rochester and Frederick Kiley The two books were prepared at the request of former Deputy Secretary of Defense William P Clements Jr Some of the early research and drafts of a few chapters are the contribution of Wilber W Hoare Jr and Ernest H Giusti former JCS historians who helped initiate the project Davis carried forward the research and writing to completion over a period of many years and is entitled to the fullest credit for production of the final text and documentation This history of Washington s role in shaping prisoner of war policy during the Vietnam War reveals the difficult often emotional and vexing nature of a problem that engaged the attention of the highest officials of the U S government including the president It examines frictions and disagreements between the State and Defense Departments and within Defense itself as a sometimes conflicted organization struggled to cope with an imposing array of policy issues efforts to ameliorate the brutal conditions to which the American captives were subjected relations with families of prisoners in captivity the proper mix of quiet diplomacy and aggressive publicity and planning for the prisoners return At a pivotal juncture the Department of Defense exerted a major influence on overall policy through its insistence in 1969 that the government Go Public with information about the plight of prisoners held by the North Vietnamese and the Viet Cong There is evidence that this powerful campaign contributed to the gradual improvement in the treatment of the prisoners and to their safe return in 1973 The detailed account of negotiations with the North Vietnamese for the withdrawal of American forces from South Vietnam makes clear how important in all U S calculations was securing the release of the prisoners **Terrorism**, 1979 **Unwavering** Taylor Baldwin Kiland,Judy Silverstein Gray,2023-05-02 The true story of the women who waged an epic home front battle to ensure our nation leaves no man behind When some of America s military men are captured or go missing during the Vietnam War a small group of military wives become their champions Never had families taken on diplomatic roles during wartime nor had the fate of our

POWs and missing men been a nationwide concern In cinematic detail authors Taylor Baldwin Kiland and Judy Silverstein Gray plunge you directly into the political maneuvering the women navigated onto the international stage they shared with world leaders and through the landmark legacy they created

Prisoners of War Arnold Krammer,2007-11-30 America s current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy The fate of war prisoners through history has been cruel and haphazard The lives of captives hung by a thread Execution enslavement torture or being held for ransom were equally likely International agreements developed haltingly through the 19th and 20th centuries to culminate in the Geneva Accords of 1929 America s current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules Since biblical times war captives have been considered property and counted as booty to be enslaved or killed Americans were interested in generals and weapons and battles but not the fate of prisoners of war The Second World War when 90 000 Americans fell into enemy hands began to change that Concern for our POWs in Germany and Japan and close contact with enemy camps in America began to change our attitudes However it was the Vietnam War media driven and polarizing that caused the American public to truly reevaluate the plight of its sons and brothers heroic and clearly loyal as they fell into the hands of an inscrutable and apparently unyielding distant enemy More recently during the first Gulf War of 1991 and the current War on Terrorism the issue of prisoners of war has moved to center stage involving the clash of ideologies politics and expediency Since 9 11 the rights and safety of prisoners of war caught up in the War on Terror have been debated in Congress and adjudicated on by former Attorney General Alberto Gonzales whose conclusions were protested by numerous organizations The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy

How the Gloves Came Off Elizabeth Grimm,2017-03-07 The treatment of detainees at Abu Ghraib prison Guant namo Bay and far flung CIA black sites after the attacks of 9 11 included cruelty that defied legal and normative prohibitions in U S and international law

The antitorture stance of the United States was brushed aside Since then the guarantee of American civil liberties and due process for POWs and detainees has grown muddled threatening the norms that sustain modern democracies How the Gloves Came Off considers the legal and political arguments that led to this standoff between civility and chaos and their significant consequences for the strategic interests and standing of the United States Unpacking the rhetoric surrounding the push for unitary executive action in wartime How the Gloves Came Off traces the unmaking of the consensus against torture It implicates U S military commanders high level government administrators lawyers and policy makers from both parties exposing the ease with which powerful actors manipulated ambiguities to strip detainees of their humanity By targeting the language and logic that made torture thinkable this book shows how future decision makers can craft an effective counternarrative and set a new course for U S policy toward POWs and detainees Whether leaders use their influence to reinforce a prohibition of cruelty to prisoners or continue to undermine long standing international law will determine whether the United States retains a core component of its founding identity **Prisoners of the Empire** Sarah Kovner,2020-09-15 Many Allied POWs in the Pacific theater of World War II suffered terribly But abuse wasn t a matter of Japanese policy as is commonly assumed Sarah Kovner shows poorly trained guards and rogue commanders inflicted the most horrific damage Camps close to centers of imperial power tended to be less violent and many POWs died from friendly fire **Until the Last Man Comes Home** Michael J. Allen,2009-09-18 Fewer Americans were captured or missing during the Vietnam War than in any previous major military conflict in U S history Yet despite their small numbers American POWs inspired an outpouring of concern that slowly eroded support for the war Michael J Allen reveals how wartime loss transformed U S politics well before and long after the war s official end Throughout the war s last years and in the decades since Allen argues the effort to recover lost warriors was as much a means to establish responsibility for their loss as it was a search for answers about their fate Though millions of Americans and Vietnamese took part in that effort POW and MIA families and activists dominated it Insisting that the war was not over until the last man comes home this small determined group turned the unprecedented accounting effort against those they blamed for their suffering Allen demonstrates that POW MIA activism prolonged the hostility between the United States and Vietnam even as the search for the missing became the basis for closer ties between the two countries in the 1990s Equally important he explains POW MIA families disdain for the antiwar left and contempt for federal authority fueled the conservative ascendancy after 1968 Mixing political cultural and diplomatic history **Until the Last Man Comes Home** presents the full and lasting impact of the Vietnam War in ways that are both familiar and surprising **Useful Captives** Daniel Krebs,Lorien Foote,2021-02-15 **Useful Captives** The Role of POWs in American Military Conflicts is a wide ranging investigation of the integral role prisoners of war POWs have played in the economic cultural political and military aspects of American warfare In **Useful Captives** volume editors Daniel Krebs and Lorien Foote and their contributors explore the wide range of roles that captives play in times of conflict hostages used to

negotiate vital points of contention between combatants consumers laborers propaganda tools objects of indoctrination proof of military success symbols political instruments exemplars of manhood ideals loyal and disloyal soldiers and agents of change in society The book s eleven chapters cover conflicts involving Americans ranging from colonial warfare on the Creek Georgia border in the late eighteenth century the American Revolution the Civil War the Great War World War II to twenty first century U S drone warfare This long historical horizon enables the reader to go beyond the prison camp experience of POWs to better understand the many ways they influence the nature and course of military conflict Useful Captives shows the vital role that prisoners of war play in American warfare and reveals the cultural contexts of warfare the shaping and altering of military policies the process of state building the impacts upon the economy and environment of the conflict zone their special place in propaganda and political symbolism and the importance of public history in shaping national memory

The Encyclopedia of the Vietnam War Bloomsbury Publishing,2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO [The Unlikely War Hero](#) Marc Leepson,2024-12-17 On April 6 1967 twenty year old U S Navy

Seaman Apprentice Doug Hegdahl fell off his ship a guided missile cruiser in the Gulf of Tonkin Close to exhaustion after nearly four hours in the water he was picked up by a small fishing boat and soon found himself in H a L Prison the notorious North Vietnamese POW camp the prisoners called the Hanoi Hilton Under intense interrogation Hegdahl pretended to be a country bumpkin who could barely read or write His captors fell for the ruse calling him The Incredibly Stupid One But Doug Hegdahl was far from stupid Possessing a razor sharp memory during the next two years he memorized the names of 254 fellow prisoners and senior officers ordered him to accept an early release After coming home in August 1969 Hegdahl shocked his debriefers by rattling off the names of the men Hanoi had admitted holding only a few dozen although the U S military had reliable intel on scores of others With Hegdahl s names 63 missing servicemen were reclassified to Prisoners of

War But that's not all In addition to divulging the names Doug Hegdahl told the Pentagon about the systematic torturing of the American POWs in Hanoi and reported many other hitherto unknown details about life inside the Hanoi POW camps The new information became an important factor in North Vietnam's fall 1969 decision to make life immeasurably easier for the 500 plus POWs held in Hanoi and assuaged the doubts and fears of dozens of POW families In a vividly written book based on archival research personal interviews and his experiences in the Vietnam War Marc Leepson for the first time tells the incredible tale of the youngest and lowest ranking American POW captured in North Vietnam Doug Hegdahl has never been properly recognized for his extraordinary efforts and his story has never been fully told It's a story of survival has won and scores of POWs As a U S Navy historian put it the North Vietnamese made a bad mistake when they released Seaman Doug Hegdahl

The End of Reciprocity Mark Osiel, 2009-03-09 Why should America restrain itself in detaining interrogating and targeting terrorists when they show it no similar forbearance Is it fair to expect one side to fight by more stringent rules than the other placing itself at disadvantage Is the disadvantaged side then permitted to use the tactics and strategies of its opponent If so then America's most controversial counterterrorism practices are justified as commensurate responses to indiscriminate terror Yet different ethical standards prove entirely fitting the author finds in a conflict between a network of suicidal terrorists seeking mass atrocity at any cost and a constitutional democracy committed to respecting human dignity and the rule of law The most important reciprocity involves neither uniform application of fair rules nor their enforcement by a simple minded tit for tat Real reciprocity instead entails contributing to an emergent global contract that encompasses the law of war and from which all peoples may mutually benefit

The Routledge History of Global War and Society Matthew S. Muehlbauer, David J. Ulbrich, 2018-02-21 The Routledge History of Global War and Society offers a sweeping introduction to the most significant research on the causes experiences and impacts of war throughout history This collection of twenty seven essays by leading historians demonstrates how war and society studies have dramatically expanded the chronological geographic and thematic breadth of the field of military history Each chapter addresses the ways in which recent scholarship has integrated cultural ethical environmental medical and ideological factors to explain both conventional conflicts and genocide terrorism and other forms of mass violence The broad scope of the collection makes it the perfect primer for scholars and students seeking to understand the complex interactions of warfare and those affecting and affected by conflict

Reviewing **Long Road Home Us Prisoner Of War Policy**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
