Longs Peak Tales:

Alexander, 2023-09-26 At 14 259 feet Longs Peak towers over Colorado s northern Front Range A prized location for mountaineering since the 1870s Longs has been a place of astonishing climbing feats and unsurprisingly of significant risk and harm Careless and unlucky climbers have experienced serious injury and death on the peak while their activities equipment and trash have damaged fragile alpine resources As a site of outdoor adventure attracting mostly white people Longs has mirrored the United States tenacious racial divides even into the twenty first century In telling the history of Longs Peak and its climbers Ruth M Alexander shows how Rocky Mountain National Park like the National Park Service NPS has struggled to contend with three fundamental obligations to facilitate visitor enjoyment protect natural resources and manage the park as a site of democracy Too often it has treated these obligations as competing rather than complementary commitments reflecting national discord over their meaning and value Yet the history of Longs also shows us how over time climbers the park and the NPS have attempted to align these obligations in policy and practice By putting mountain climbers and their relationship to Longs Peak and its rangers at the center of the story of Rocky Mountain National Park Alexander

exposes the significant role outdoor recreationists have had as both citizens and privileged adventurers in shaping the peak's meaning, use and management. Since 2000 the park has promoted climber enjoyment and safety, helped preserve the environment, facilitated tribal connections to the park and attracted a more diverse group of visitors and climbers. Yet Alexander argues more work needs to be done. Alexander's nuanced account of Longs Peak reveals the dangers of undermining national parks' fundamental obligations and presents a powerful appeal to meet them fairly and fully.

Beyond the Peaks: Tales of Marwah and Warwan Seerat ul Einam, There are places that don't just exist on maps; they live in the veins of those who've seen them, breathed them and belonged to them. This book is a journey into such a place. Nestled beyond the familiar, between towering mountains and ancient forests, lies a forgotten world: Marwah and Warwan. A paradise untouched by noise, unswayed by time. These valleys wrapped in silence and soul are more than landscapes; they are living poems. From the very first step into their realm, you are not greeted by spectacle but by a stillness that listens back. Here the trees whisper secrets older than memory, the rivers carry stories passed down by stone and snow, and the wild herbs that grow beneath your feet are not mere plants; they are ancient healers, nature's hidden hands of mercy. This book is a journey. A journey to Marwah and Warwan, not just destinations but entire worlds tucked away in the folds of the mountains. Through winding roads, echoing gorges and quiet forests, I take you to places where time slows and nature still rules with grace and power.
