

He's hip, he's slick and he's only 3 months old.
He's got John Travolta's smile. Kirstie Alley's eyes.
And the voice of Bruce Willis...

Now all he has to do
is find himself the perfect daddy.

Summer Camp At The Zoo

Kanthalakshmi Chandramouli,2021-12-01 In my childhood one of the most interesting games that I played was to assimilate children for storytelling sessions and act out the sequences Many a time I would enact clearly my imaginative stories with much emotion Though I have been writing ever since my college days it was only after the birth of my daughter that children s literature attracted my attention I have written children s stories in English and I also enjoy writing for children in Tamil as well When my Tamil Books on children s literature were

published I was very much motivated Whenever I narrate stories to school children I feel as if I belong to their age group and enjoy doing so Although I have written many novels and short stories in English and Tamil the pleasure I receive in writing for children is something that is close to my heart and cannot be explained As I enter the children s world and envisage events from their viewpoints I tend to learn a lot As I mingle with them I have absorbed certain matters and written many short stories based on them

Patrick,Sue Dale Tunnicliffe,2012-09-28 Founded on the premise that zoos are bilingual that the zoo in the shape of its staff and exhibits and its visitors speak distinct languages this enlightening analysis of the informal learning that occurs in zoos examines the speech of exhibits and staff as well as the discourse of visitors beginning in the earliest years Using real life conversations among visitors as a basis for

discussion the authors interrogate children's responses to the exhibits and by doing so develop an informal learning model and a zoo knowledge model that prompts suggestions for activities that classroom educators can use before during and after a zoo visit Their analysis of the visitor voice informs creative suggestions for how to enhance the educational experiences of young patrons By assessing visitors entry knowledge and their interpretations of the exhibits the authors establish a baseline for zoos that helps them to refine their communication with visitors for example in expanding knowledge of issues concerning biodiversity and biological conservation The book includes practical advice for zoo and classroom educators about positive ways to prepare for zoo visits engaging activities during visits and follow up work that maximizes the pedagogical benefits It also reflects on the interplay between the developing role of zoos as facilitators of learning and the ways in which zoos help visitors assimilate the knowledge on offer In addition to being essential reading for educators in zoos and in the classroom this volume is full of insights with much broader contextual relevance for getting the most out of museum visits and field trips in general
