Annual Paperbound Book Guide for High Schools ,1969 *Industries of Architecture* Katie Lloyd Thomas,Tilo

Amhoff,Nick Beech,2015-11-06 At a time when the technologies and techniques of producing the built environment are undergoing significant change this book makes central architecture s relationship to industry Contributors turn to historical and theoretical questions as well as to key contemporary developments taking a humanities approach to the Industries of Architecture that will be of interest to practitioners and industry professionals as much as to academic researchers teachers and students How has modern architecture responded to mass production How do we understand the necessarily social nature of production in the architectural office and on the building site And how is architecture entwined within wider fields of production and reproduction finance capital the spaces of regulation and management techniques What are the particular effects of techniques and technologies and above all their inter relations on those who labour in architecture the buildings they produce and the discursive frameworks we mobilise to understand them **The Whites of Their Eyes** Jill

Lepore,2011-08-08 From acclaimed bestselling historian Jill Lepore the story of the American historical mythology embraced by the far right Americans have always put the past to political ends The Union laid claim to the Revolution so did the Confederacy Civil rights leaders said they were the true sons of liberty so did Southern segregationists This book tells the story of the centuries long struggle over the meaning of the nation s founding including the battle waged by the Tea Party Glenn Beck Sarah Palin and evangelical Christians to take back America Jill Lepore Harvard historian and New Yorker staff writer offers a careful and concerned look at American history according to the far right from the rant heard round the world

which launched the Tea Party to the Texas School Board's adoption of a social studies curriculum that teaches that the United States was established as a Christian nation. Along the way she provides rare insight into the eighteenth century struggle for independence, a history of the Revolution from the archives. Lepore traces the roots of the far right's reactionary history to the bicentennial in the 1970s when no one could agree on what story a divided nation should tell about its unruly beginnings. Behind the Tea Party's Revolution she argues lies a nostalgic and even heartbreaking yearning for an imagined past, a time less troubled by ambiguity, strife, and uncertainty, a yearning for an America that never was. *The Whites of Their Eyes* reveals that the far right has embraced a narrative about America's founding that is not only a fable but is also finally a variety of fundamentalism: anti-intellectual, antihistorical, and dangerously antipluralist. In a new afterword, Lepore addresses both the recent shift in Tea Party rhetoric from the Revolution to the Constitution and the diminished role of scholars as political commentators over the last half century of public debate.

Interpreting the Self Diane Bjorklund, 2000-04-15

In this ambitious study, Diane Bjorklund explores the historical nature of self-narrative. Examining over 100 American autobiographers published in the last two centuries, she discusses not only well-known autobiographies such as Mark Twain and Andrew Carnegie but also many obscure ones such as a traveling book peddler, a minstrel, a hotel proprietress, an itinerant preacher, a West Point cadet, and a hoopskirt wire manufacturer. Bjorklund draws on the colorful stories of these autobiographers to show how their historical epoch shapes their understandings of self. A refreshingly welcome approach to this intriguing topic. Bjorklund's extensive and systematic approach to her source material is impressive and enriches our understanding of this essential subject. *Virginia Quarterly Review*. Bjorklund studies both famous and obscure writers, and her clear prose style and copious quotations provide insight into the many aspects of the changing American self. *Library Journal*.
