**Looking Like the Enemy** Mary Matsuda Gruenewald, 2005 In 1941 Mary Matsuda Gruenewald was a teenage girl who like other Americans reacted with horror to the bombing of Pearl Harbor Yet soon she and her family were among 110 000 innocent people imprisoned by the U S government because of their Japanese ancestry In this eloquent memoir she describes both the day to day and the dramatic turning points of this profound injustice what it was like to face an indefinite sentence in crowded primitive camps the struggle for survival and dignity and the strength gained from learning what she was capable of and could do to sustain her family It is at once a coming of age story with interest for young readers an engaging narrative on a topic still not widely known and a timely warning for the present era of terrorism Complete with period photos the book also brings readers up to the present including the author's celebration of the National Japanese American Memorial dedication in 2000

The Internment of Japanese Americans Charlotte Taylor, Deborah Kent, 2015-07-15 Before World War II Japanese Americans worked hard to adapt to American life while creating tight knit communities But after Japan bombed Pearl Harbor everything changed The U S government sent 120 000 Americans of Japanese descent into internment camps Learn the sad history of the camps the reasons behind their creation how the internees made the best of their deplorable situation and how they finally received an official apology from the US government

**Japanese American Incarceration** Stephanie D. Hinnershitz, 2021-10-01 Between 1942 and 1945 the U S government wrongfully imprisoned thousands of Japanese American citizens and profited from their labor Japanese American Incarceration recasts the forced removal and incarceration of approximately 120 000 Japanese Americans during World War II as a history of prison labor and exploitation Following Franklin Roosevelt's 1942 Executive Order 9066 which called for the exclusion of potentially dangerous groups from military zones along the West Coast the federal government placed Japanese Americans in makeshift prisons throughout the country In addition to working on day to day operations of the camps Japanese Americans were coerced into harvesting crops digging irrigation ditches paving roads and building barracks for little to no compensation and often at the behest of privately run businesses all in the name of national security How did the U S government use incarceration to address labor demands during World War II and how did imprisoned Japanese Americans respond to the stripping of not only their civil rights but their labor rights as well Using a variety of archives and collected oral histories Japanese American Incarceration uncovers the startling answers to these questions Stephanie Hinnershitz's timely study connects the government's exploitation of imprisoned Japanese Americans to the history of prison labor in the United States

landscape      **Women Heroes of World War II—the Pacific Theater** Kathryn J. Atwood, 2016-10-01 A Notable Social Studies Trade Book for Young People 2017 Glamorous American singer Claire Phillips opened a nightclub in Manila using the earnings to secretly feed starving American POWs. She also began working as a spy, chatting up Japanese military men and passing their secrets along to local guerrilla resistance fighters. Australian Army nurse Vivian Bullwinkel, stationed in Singapore, then shipwrecked in the Dutch East Indies, became the sole survivor of a horrible massacre by Japanese soldiers. She hid for days, tending to a seriously wounded British soldier while wounding herself. Humanitarian Elizabeth Choy lived the rest of her life hating war, though not her tormentors, after enduring six months of starvation and torture by the Japanese military police. In these pages, readers will meet these and other courageous women and girls who risked their lives through their involvement in the Pacific Theater of Operations during World War II. Fifteen suspense-filled stories unfold across China, Japan, Malaya, Singapore, the Dutch East Indies, and the Philippines, providing an inspiring reminder of women's and girls' refusal to sit on the sidelines around the world and throughout history. These women, whose stories span 1932 to 1945, the last year of the war, served in dangerous roles as spies, medics, journalists, resisters, and saboteurs. Seven of them were captured and imprisoned by the Japanese, enduring brutal conditions. Author Kathryn J. Atwood provides appropriate context and framing for teens 14 and up to grapple with these harsh realities of war. Discussion questions and a guide for further study assist readers and educators in learning about this important and often neglected period of history.      *The Doolittle Irony* Jim Kelly, 2019-06-26 Japanese Americans contributed mightily to the U.S. victory in WWII. One young Nisei may even have saved Doolittle's Raid from disaster. His story was never told, possibly because it would have exposed how unjust the U.S. Government had been to intern 120,000 Japanese Americans on the flimsy excuse that they could not be trusted to defend America. This book personalizes that chapter of American history. It tells a story of how that young Nisei's situation MIGHT have unfolded. Book Review: *The Doolittle Irony* based on a true story brings to life a daring 1942 American military operation in Japan as seen through the eyes of a young Nisei. Author Jim Kelly seamlessly blends his own vivid imagination with his background in U.S. naval intelligence, his historical knowledge of World War II, and his grasp of today's troublesome debates about immigration and Americans from other lands. While *The Doolittle Irony* is an entertaining page-turner, it also serves as a satisfying reminder that no matter how much the world changes, loyalty and love still remain the same. Lela Gilbert, author and journalist.      *Hate Crimes* Phyllis B. Gerstenfeld, 2017-03-31 The Fourth Edition of *Hate Crimes: Causes, Controls, and Controversies* by Phyllis B. Gerstenfeld takes a multidisciplinary approach that allows students to explore a broad scope of hate crimes. Drawing on recent developments, topics, and current research, this book examines the issues that foster hate crimes while demonstrating how these criminal acts impact individuals as well as communities. Students are introduced to the issue through first-person vignettes, offering a more personalized account of both victims and perpetrators of hate crimes. Packed with the latest court cases, research, and statistics from a variety of scholarly sources, the
