*Transforming Universities in the Midst of Global Crisis* Richard Hil,Kristen Lyons,Fern Thompsett,2021-12-22 This book calls into question the colonial and neoliberal university presenting alternative models of higher education that can more effectively respond to today s intersecting social economic environmental and political crises The authors argue that universities should be driven by a different set of core values one that promotes the common good over private or commercial interests individualism and market fundamentalism Presenting a broad range of educational initiatives from around the world that reflect life affirming regenerative and relational practices Indigenous intellectual sovereignty and principles of social and ecological justice the authors contend that pathways toward transforming higher education already exist within and without the university This task say the authors is urgent and necessary if universities and other institutions are to hold relevance in a rapidly changing global environment This book makes a unique contribution to critiques of the modern neoliberal university by looking for alternatives within and beyond traditional institutions of higher education In doing so the authors dismantle the longstanding ivory tower image of the university instead resituating

education within broader social and ecological communities Transforming Universities in the Midst of Global Crisis is aimed at all those who have a direct or indirect interest and stake in universities from the general reader to futurists ecologists as well as students academics administrators managers policy makers and politicians *Contemporary Design Education in Australia* Lisa Scharoun,Deanna Meth,Philip Crowther,Dean Brough,Lindy Osborne Burton,Muge Fialho Leandro Alves Teixeira,2023-09-04 This book offers a range of approaches to teaching higher education design students to learn to design collaboratively and creatively through transdisciplinary multidisciplinary cross disciplinary and interdisciplinary learning experiences It highlights that the premise of traditional disciplinary silos does little to advance the competencies needed for contemporary design and non linear career paths It makes the point that higher education should respond to the impacts of a changing society including fluctuating market demands economic variations uncertainties and globalization Chapters highlight approaches that address this changing landscape to meet student industry and societal needs and reflect a range of design education contexts in which the authors have taught with a focus on experiences at the Queensland University of Technology Australia but also including collaborations and comparative discussions elsewhere in Australia and globally spanning Europe Asia the Middle East and the United States The book is positioned not as a definitive theoretical model for transdisciplinary design education but instead as a collective of chapters in which many forms of learning are explored through overarching themes of curriculum design and experiential and authentic learning and collaboration transforming professional identities and design cultures *Gendering Landscape Art* Steven Adams,Anna Gruetzner Robins,2000 While gender has been the subject of extensive critical inquiry the debate has focused primarily on the human particularly the female body The spaces bodies occupy and the ways in which those spaces are depicted in landscape art has not however been subject to investigation This book is the first sustained attempt to fill this gap in art history **Black Males and Racism** Terence D. Fitzgerald,2015-10-23 Behind the twenty first century curtain of colorblind public sentiment lies an often ignored reality shared by many African American males racism continues to thrive and often drastically affects their lives Fitzgerald draws on his extensive interviews of black males to reveal the experiences of racism that continue in public schools and in American higher education Using empirical data and the methods of sociological research Fitzgerald analyzes how the persistent effects of white supremacy in education have threatened the psychological and economic welfare of black males The effects often last well into adulthood Unraveling the subtle and overt mechanisms of institutional social control leads Fitzgerald to proposals to reduce structural racism and improve the lives of African American youth *Constitutional History of Virginia* Brent Tarter,2023-05 This is the only modern comprehensive constitutional history of any state and as a history of Virginia it is one of the oldest and most complex Virginia s state legislature is the Virginia General Assembly which was established in July 1619 making it the oldest current lawmaking body in North America Brent Tarter s Constitutional History of Virginia covers over three hundred years of Virginia s legislative policy from colony to statehood revealing its

political and legal backstory From the very beginning in 1606 when James I chartered the Virginia Company to establish a commercial outpost on the Atlantic coast of North America through the first two decades of the twenty first century the fundamental constitutions of the colony and state of Virginia have evolved and changed as the demographic economic political and cultural characteristics of Virginia changed Elements of the colonial constitution influenced the character of the state s first constitution in 1776 and changing relationships between the people and their government as well as relationships between the state and federal governments have influenced how the state s constitution has evolved Tarter explores that evolution and taps into its relevance to the people who have lived and still live in Virginia Feather Brain Drew Chicone,2013 Step by step tying instructions and explanations of how the author designed 14 winning saltwater flies

**The Politics of Ritual** Molly Farneth,2023-03-14 Professional athletes taking a knee during the national anthem Student activists holding candlelight vigils to commemorate victims of sexual violence Jewish activists reciting the Mourner s Kaddish on the streets of New York City in the wake of another police shooting Why are members of these groups performing these particular actions to express their political views Noting that these are examples of ritual performance Molly Farneth argues that rituals in general are acts that mark boundaries shape habits and dispositions express commitments and attitudes inculcate norms and create sustain or transform the communities to which the ritual performers belong Because rituals have the potential to either sustain or challenge power relations within communities they are she argues deeply political Drawing on these and other examples this book is an investigation into the inescapable political significance and power of ritual While readily acknowledging that rituals can enable authoritarian regimes and facilitate relationships of domination Farneth here pays particular attention to the rituals of democratic life those that create sustain and transform properly democratic communities contest unjust power relations and political structures and encourage and cultivate habits of participation Informaci n proporcionada por el editor comercial **African Americans and Africa** Nemata Amelia Ibitayo
