William Haltom, Michael McCann

Loony Lawsuits:

Lawyers, Lawsuits, and Legal Rights Thomas F. Burke, 2002 Burke drills deep into America's unique culture of litigation and is rewarded with a powerful insight: it is not the public or even lawyers that are so darn litigious but American law itself. This meticulous dispassionate book stands not only to advance the debate but I hope to reshape it. Jonathan Rauch, author of *Government's End: Why Washington Stopped Working*, *Lawyers, Lawsuits and Legal Rights* is a fascinating study of the American penchant for public policies that rely on lawsuits to get things done. Burke's analysis is insightful and original. This book compellingly shows that litigious policies have deep roots in our Constitution, culture, and politics. Charles Epp, author of *The Rights Revolution: Lawyers, Activists, and Supreme Courts in Comparative Perspective*, Burke's authoritative book demonstrates that the highly litigious American system is not an isolated anomaly but in fact fits in with deeply rooted elements of American political culture. Where citizens of other countries rely on expert or bureaucratic judgment to resolve disputes, Americans turn to the courts. Equally novel and compelling, *Lawyers, Lawsuits and Legal Rights* marshals an impressive set of evidence and delivers a refreshingly well-written look at the state of American litigation. Frank R. Baumgartner, co-author of *Agendas and Instability in American Politics*, *Crazy Laws and Lawsuits* Robert Allen, 2005-06 Offers a collection of strange laws, lawsuits, and court cases including the story of the woman who sued a furniture store after breaking her ankle when she tripped over her own son or the man who sued after being bitten on the behind by a dog that he was shooting at with a pellet gun. Multi-Party Litigation Wayne V. McIntosh, Cynthia L. Cates, 2010 Drawing upon insights from law and politics, *Multi-Party Litigation* outlines the historical development, political design, and regulatory desirability of multi-party litigation strategies in cross-national perspective and describes a battle being fought on multiple fronts by competing interests. By addressing the potential and constraints of litigation, this book offers a comprehensive account of an international issue that will interest students and practitioners of law, politics, and public policy. The 505 Weirdest Online Stores Dan Crowley, 2005-04-01 Following up on his hit *505 Unbelievably Stupid Web Pages*, Dan Crowley again takes on the Web's weirdest and wildest in *505 Weirdest Online Stores*. This is the ultimate guide to the Internet's strangest stores where you can spend your time and money in pursuit of dehydrated water, duct tape, fashion, and a corporate hairball. Since I can read and write I am no ordinary Beagle. I also am very fond of Mental Masturbation. Mental Masturbation Dear Reader is a form of anxiety relief. It affects my ever wandering always worrying exceedingly addictive mind that works 24 hours per day, 365 days per year. I even can confirm that Mental Masturbation manages to continue

spinning an extra day during leap year This collection of missives which I hope you will read albeit I do not know why you would care so to do and for which I beg you to pay is my banal attempt to understand the why of life Whether I am discussing my adventures or thinking about meaningless things I hope you find my words interesting fun thought provoking or well you bought the book so at that point my hopes already have been achieved i e I made money to buy more treats Oh yes if anyone has a cure for Mental Masturbation I would be most grateful with any elixir that would speed me towards enlightenment Hugs and Kisses Buddy buddy buzzzzoff com

The True Stella Awards Randy Cassingham,2006-10-31 Gathered from the popular website [www StellaAwards com](http://www.StellaAwards.com) The True Stella Awards is an outrageous collection of America s most frivolous lawsuits Named for Stella Liebeck the woman who won a multimillion dollar lawsuit after spilling hot McDonald s coffee on herself humorist Randy Cassingham s popular website chronicles the hard to believe and amusing claims brought before the U S courts The most ridiculous of these lawsuits are given the honorable Stella Award In The True Stella Awards Cassingham documents the most outlandish of these real life cases including The man who legally changed his name to Jack Ass and then sued MTV because their TV show and movie Jackass infringed on his trademark and demeaned his good name The songwriter who left a minute s silence on his record only to be sued by the estate of another songwriter who copyrighted his own silent song The man who sued an amusement park after being the victim of the ultimate act of God He was hit by lightning while standing next to his own car in the parking lot Stunning and hilarious The True Stella Awards reveals the extremes people will go to in the pursuit of justice

In Defense of Tort Law Thomas Koenig,Michael Rustad,2003-10 Tort law is a good thing whatever it is

Distorting the Law William Haltom,Michael McCann,2009-11-15 In recent years stories of reckless lawyers and greedy citizens have given the legal system and victims in general a bad name Many Americans have come to believe that we live in the land of the litigious where frivolous lawsuits and absurdly high settlements reign Scholars have argued for years that this common view of the depraved ruin of our civil legal system is a myth but their research and statistics rarely make the news William Haltom and Michael McCann here persuasively show how popularized distorted understandings of tort litigation or tort tales have been perpetuated by the mass media and reform proponents Distorting the Law lays bare how media coverage has sensationalized lawsuits and sympathetically portrayed corporate interests supporting big business and reinforcing negative stereotypes of law practices Based on extensive interviews nearly two decades of newspaper coverage and in depth studies of the McDonald s coffee case and tobacco litigation Distorting the Law offers a compelling analysis of the presumed litigation crisis the campaign for tort law reform and the crucial role the media play in this process

Sand in the Gears Andrew O. Smith,2013-02-28 American manufacturing has been on the decline for at least two generations That fact is plain to any observer who travels through the Rust Belt of the Midwest

where the closing of steel plants and automobile factories has created ghost towns that dot the landscape It is also clear from the dormant New England textile mills whose owners surrendered their production first to cheaper mills in the Southeast before they in turn lost out to Asian labor What caused this calamity and what can be done about it Andrew O Smith argues that we lost our manufacturing not simply to forces beyond our control such as globalization and cheaper labor overseas but as the result of misguided policies that are well within our abilities to reform for the benefit of manufacturing Examining six areas of public policy the tax system health care the legal system workers compensation government regulations and labor policy Smith demonstrates that in each of these areas current policy choices have created a hostile environment for manufacturing Grounding his arguments not in polemic or ideology but in historical analysis and current research Smith illustrates his points with real world examples to show how a New Social Compact can fix the problems that manufacturers face without sacrificing public policy goals

Un-Making Law Jay Feinman, 2005-10-12 There is an undercover war going on in America that impacts everyone's life far more than the legal issues that typically grab the headlines The conservative movement has been systematically turning back a century's worth of the evolving gains and protections found in the common law the areas of law that affect the everyday activities of ordinary people Throughout the twentieth century contract property and personal injury law evolved to take more account of social conditions and the needs of consumers workers and less powerful members of American society Contracts were interpreted in light of common sense property ownership was subjected to reasonable use provisions to protect the environment and consumers were protected against dangerous products But all that is changing Conservatives have a clear agenda to turn back the clock on the common law to maximize the profits of big business Some significant inroads have already been made to protect gun manufacturers from lawsuits enforce form contracts that prevent employees from suing for discrimination and hamper the government's protection of the environment against aggressive

development for example More rollbacks are on the horizon Although this aspect of the conservative agenda is not as visible as assaults on abortion rights and civil liberties it may ultimately have even greater impact on our society Jay M Feinman s book is an accessible eye opening primer full of vivid examples and case histories from victims of medical malpractice who cannot recover damages to people who relinquish their right to sue by applying for a job If you subscribe to any of these common myths of twenty first century America you will find surprising facts and illuminating analysis in Un Making Law The All American Blame Game has corrupted our moral fiber everyone is looking for a scapegoat to sue whenever anything goes wrong Malpractice lawsuits have gone sky high in recent years forcing insurance companies reluctantly to raise rates and forcing doctors out of practice Consumers and employees agree to arbitration because it is a much simpler less expensive and fairer way to resolve contract disputes The government invades the rights of private property owners when it protects endangered species and regulates land development
