subjects of considerable controversy and entrenched prejudice and today's gay rights campaigners are justified in believing that many more sweeping changes in legal and social attitudes are now called for. Quest for Justice is the inside story of the battle for the Wolfenden reforms told by one of its main protagonists. Antony Grey was Secretary of the Homosexual Law Reform Society during much of the campaign and for some time afterwards. Here besides giving his personal account of the reform campaign he comments on the subsequent course of the developing movement for gay rights and his own not always entirely harmonious relations with it. He also describes the rising power of the moral majority backlash and its bitter attacks upon the liberalisers whom it misnamed permissive. Whilst expressing disappointment at the slow progress of human sexual rights during recent years and a sense of ever greater urgency with the advent of AIDS, he also expresses the widespread acceptance of much more frank and realistic attitudes. Antony Grey concludes on a hopeful note, foreseeing a sexually saner twenty-first century in which updated moral, social and legal attitudes will combine to promote rather than hinder human happiness.

**Shaping Sexual Knowledge** Lutz Sauerteig, Roger Davidson, 2009-01-13 The history of sex education enables us to gain valuable insights into the cultural constructions of what different societies have defined as normal sexuality and sexual health. Yet the history of sex education has only recently attracted the full attention of historians of modern sexuality. *Shaping Sexual Knowledge: A Cultural History of Sex Education in Twentieth Century Europe* makes a considerable contribution not only to the cultural history of sexual enlightenment and identity in modern Europe but also to the history of childhood and adolescence. The essays collected in this volume treat sex education in the broadest sense, incorporating all aspects of the formal and informal shaping of sexual knowledge and awareness of the young. The volume therefore not only addresses officially sanctioned and regulated sex education delivered within the school system and regulated by the State and in some cases the Church but also the content, iconography and experience of sexual enlightenment within the private sphere of the family and as portrayed through the media.
