conception which it develops I should also add conception other than execution for the story might perhaps have been developed with greater advantage Among those whose opinions agreed with mine upon this story I could mention some very high names but it is not necessary nor indeed of any use for every one must judge according to his own feelings I merely refer the reader to the original story that he may see to what extent I have borrowed from it and am not unwilling that he should find much greater pleasure in perusing it than the drama which is founded upon its contents About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
