As a Kite Falls Richard Tyler, 2024-06-27 We have become fixated on ascent in our lives achieving more being quicker and rising up But what if we are missing the richest life lessons by repressing the difficulties we experience Both ascent and descent are vital in life Yet whilst we are educated on how best to ascend it is rare we are supported as we descend Instead we are encouraged to hide those times from ourselves and others Richard's descent was epic From playing lead roles on West End stages to receiving a diagnosis of three months to live with a rare cancer In this heartfelt and moving story Richard offers a glimpse into his year of monumental descent He invites us to accompany him as he navigates loss grief and heartache in a tale of the beauty and the ugliness of the human condition How when illness struck unexpected love and compassion became the secret healer Something Richard was determined to share by setting up a charity for others with blood cancer As a Kite Falls offers food for thought and medicine for the soul Richard's humility humour and grace shine through on every page He uses the flow of the seasons and the deceptively simple art of haiku to bring us closer to the importance of space and pause in our lives Richard's training in psychotherapy adds a deeper layer of understanding of what it means to be human while

acknowledging that none of us can truly make sense of the load others carry In a world drowning in noise As a Kite Falls gifts us a place of quietening down to listen to our own whispers **Meeting the Buddhas** Vessantara,1993 An introduction the most well known and important Buddhas deities and other sacred figures of Buddhism Each is imaginatively brought to life for the reader presenting their major characteristics along with illustrations visualizations symbols mantras and myths A Buddhist Theory of Semiotics Fabio Rambelli,2013-03-14 One of the first attempts ever to present in a systematic way a non western semiotic system This book looks at Japanese esoteric Buddhism and is based around original texts informed by explicit and rigorous semiotic categories It is a unique introduction to important aspects of the thought and rituals of the Japanese Shingon tradition Semiotic concerns are deeply ingrained in the Buddhist intellectual and religious discourse beginning with the idea that the world is not what it appears to be which calls for a more accurate understanding of the self and reality This in turn results in sustained discussions on the status of language and representations and on the possibility and methods to know reality beyond delusion such peculiar knowledge is explicitly defined as enlightenment Thus for Buddhism semiotics is directly relevant to salvation this is a key point that is often ignored even by Buddhologists This book discusses in depth the main elements of Buddhist semiotics as based primarily on original Japanese pre modern sources It is a crucial publication in the fields of semiotics and religious studies **Chinese Civilization** Patricia Buckley Ebrey,2009-11-24 Chinese Civilization sets the standard for supplementary texts in Chinese history courses With newly expanded material personal documents social records laws and documents that historians mistakenly ignore the sixth edition is even more useful than its classic predecessor A complete and thorough introduction to Chinese history and culture
