**Louis Armstrong and Paul Whiteman** Joshua Berrett, 2008-10-01 In Louis Armstrong and Paul Whiteman the jazz scholar Joshua Berrett offers a provocative revision of the history of early jazz by focusing on two of its most notable practitioners Whiteman legendary in his day and Armstrong a legend ever since Paul Whiteman's fame was unmatched throughout the twenties Bix Beiderbecke Bing Crosby and Jimmy and Tommy Dorsey honed their craft on his bandstand Celebrated as the King of Jazz in 1930 in a Universal Studios feature film Whiteman's imperium has declined considerably since The legend of Louis Armstrong in contrast grows ever more lustrous for decades it has been Armstrong not Whiteman who has worn the king's crown This dual biography explores these diverging legacies in the context of race commerce and the history of early jazz Early jazz Berrett argues was not a story of black innovators and white usurpers In this book a much richer more complicated story emerges a story of cross influences sidemen sundry movers and shakers who were all part of a collective experience that transcended the category of race In the world of early jazz Berrett contends kingdoms had no borders

**The Original Hot Five Recordings of Louis Armstrong** Gene Henry Anderson, 2007 Between 1925 and 1928 the Hot Five the incomparable Louis Armstrong and four seasoned practitioners of the burgeoning jazz style recorded fifty five performances in Chicago for the OKeh label Oddly enough the quintet immortalized on vinyl with recent technology rarely performed as a unit in local nightspots And yet like other music now regarded as especially historic their work in the studio summarized approaches of the past and set standards for the future Remarkable both for popularity among the members of the public and for influence on contemporary musicians these recordings helped make Satchmo a familiar household name and ultimately its bearer an adored public figure They showcased Armstrong's genius notably his leadership in transforming the practice of jazz as an ensemble improvisation into jazz as the art of the improvising soloist In his study Professor Anderson for the first time provides a detailed account of the origins of this pioneering enterprise relates individual pieces to existing copyright deposits and contextualizes the music by offering a reliable timeline of Armstrong's professional activities during these years All fifty five pieces moreover are described in informed commentary Publisher description
