Louis MacNeice Terence Brown, 1975 Louis MacNeice and the Poetry of the 1930s Richard Danson Brown, 2009 This study investigates Louis MacNeice in two major central strands exploring MacNeice's ambiguous positioning as an Irish poet and the self-consciousness in his writing **Louis MacNeice and the Irish Poetry of His Time** Tom Walker, 2015 Louis MacNeice and the Irish Poetry of his Time draws on new archival research to suggest ways in which MacNeice's poetry is closely linked to contemporaneous developments in Irish literature and culture *Twentieth-Century British and Irish Poetry* Michael O'Neill, Madeleine Callaghan, 2011-01-31 Featuring contributions from some of the major critics of contemporary poetry *Twentieth Century British and Irish Poetry* offers an accessible imaginative and highly stimulating body of critical work on the evolution of British and Irish poetry in the twentieth century Covers all the poets most commonly studied at university level courses Features criticisms of British and Irish poetry as seen from a wide variety of perspectives movements and historical contexts Explores current debates about contemporary poetry relating them to the volume's larger themes Edited by a widely respected poetry critic and award-winning poet **The Power of Form** Ana Fernandes, Ana Raquel Fernandes, Rui Carlos Fonseca, José Pedro Serra, 2015-02-27 Although positivism dismissed myths as childish fancy bound to be superseded by reason there has been a continuous reappraisal of the power of myths since the 19th century Once viewed as primitive and unreliable accounts and an inadequate and distorted form of knowledge myths came to be perceived as exemplary narratives consisting of rich and complex symbolic constructs that carry meaning and a connection to reality Myths then came to be regarded as a privileged expression of the human soul and of its possibly submerged and unconscious abysses and dramas Rather than inherently obscure and elusive to a rational grasp mythical narratives would therefore be driven by logical reasoning giving shape to a particular worldview of life and humankind The enduring power of mythical narrative is attested to by its very plasticity subject to multiple recreations informed by changing concerns and insights Mythical narratives have thus attracted the interest of various disciplines from ethnology and history to philosophy literature sociology politics the history of religions and art history This interdisciplinary volume studies how myths are inscribed and recycled within both individual and collective heritage and examines the personal and political implications of multifaceted engagement with myths as one of the forms through which societies try to make sense of their perplexities

One Voice and Many Beth Ellen Roberts, 2006 Different conceptions of the relationships between unity and multiplicity may be presented by varying the three distances inherent in dialogue poetry each of which represents a degree of differentiation the distance between the speakers the distance between the poet and the speakers and the distance between the speakers and the reader **Cultural Translation and Postcolonial Poetry** A. Bery, 2007-11-21 This book uses the framework of cultural translation to explore the work of six significant modern writers from Ireland India Australia and the Caribbean Written in an accessible and approachable style it will be of interest not only to specialists in postcolonial

literatures but also readers of modern and contemporary poetry more generally

Yeats as Precursor S. Matthews, 2000-01-27 As both a late Romantic and a modern W B Yeats has proved to be perhaps the most influential poet of the early twentieth century In this original study Steven Matthews traces through close readings of significant poems the flow of Yeatsian influence across time and cultural space By engaging with the formalist criticism of Harold Bloom and Paul de Man in their dialogues with Jacques Derrida he also considers Yeats's significance as the founding presence within the major poetry criticism of the century

The Oxford Handbook of Modern Irish Poetry Fran Brearton, Alan Gillis, 2012-10-25 Forty chapters written by leading scholars across the world describe the latest thinking on modern Irish poetry The Handbook begins with a consideration of Yeats's early work and the legacy of the 19th century The broadly chronological areas which follow covering the period from the 1910s through to the 21st century allow scope for coverage of key poetic voices in Ireland in their historical and political context From the experimentalism of Beckett MacGreevy and others of the modernist generation to the refashioning of Yeats's Ireland on the part of poets such as MacNeice Kavanagh and Clarke mid century through to the controversially titled post 1969 Northern Renaissance of poetry this volume will provide extensive coverage of the key movements of the modern period The Handbook covers the work of among others Paul Durcan Thomas Kinsella Brendan Kennelly Seamus Heaney Paul Muldoon Michael Longley Medbh McGuckian and Ciaran Carson The thematic sections interspersed throughout chapters on women's poetry religion translation painting music stylistics allow for comparative studies of poets north and south across the century Central to the guiding spirit of this project is the Handbook's consideration of poetic forms and a number of essays explore the generic diversity of poetry in Ireland its various manipulations reinventions and sometimes repudiations of traditional forms The last essays in the book examine the work of a new generation of poets from Ireland concentrating on work published in the last two decades by Justin Quinn Leontia Flynn Sinead Morrissey David Wheatley Vona Groarke and others

The Great War in Irish Poetry Fran Brearton, 2003 The Great War in Irish Poetry explores the impact of the First World War on the work of W B Yeats Robert Graves and Louis MacNeice in the period 1914-45 and on three contemporary Northern Irish poets Derek Mahon Seamus Heaney and Michael Longley Its concern is to place their work and memory of the Great War in the context of Irish politics and culture in the twentieth century The historical background to Irish involvement in the Great War is explained as are the ways in which issues raised in 1912-20 still reverberate in the politics of remembrance in Northern Ireland particularly through such events as the Home Rule cause the loss of the Titanic the Battle of the Somme the Easter Rising While the Great War is perceived as central to English culture and its literature holds a

privileged position in the English literary canon the centrality of the Great War to Irish writing has seldom been recognised This book shows first that despite complications in Irish domestic politics which led to the repression of memory of the Great War Irish poets have been drawn throughout the century to the events and images of 1914-18 This engagement is particularly true of those writing in the troubled Northern Ireland of the last thirty years The second main concern is the extent to which recognition of the importance of the Great War in Irish writing has itself become a casualty of competing versions of the literary canon

Writers Directory NA NA, 2016-03-05 [Yeats's Political Identities](#) Jonathan Allison, 1996 Collects some of the most trenchant essays of the last three decades on Yeats's politics

[Irish Poetry of the 1930s](#) Alan Gillis, 2005-06-23 The 1930s have never really been considered an epoch within Irish literature even though the Thirties form one of the most dominant and fascinating contexts in modern British literature This book argues that during this time Irish poets faced up to political pressures and aesthetic dilemmas which frequently overlapped with those associated with The Auden Generation In so doing it offers a provocative intercession into Irish history But more than this it offers powerful arguments about the way poetry in general is interpreted and understood In this way Gillis seeks to redefine our understanding of a frequently neglected period and to challenge received notions of both Irish literature and poetic modernism

[Irish Poetry of the 1930s](#) gives detailed and vital readings of the major Irish poets of the decade including original and exciting analyses of Samuel Beckett Patrick Kavanagh Louis MacNeice and W B Yeats

will prove invaluable to students and teachers alike The Problem of Consciousness in Modern Poetry Hugh Underhill,1992-07-31 Modernist aesthetics have been identified with a sense of cultural crisis defined by its distance from an ideal of unified consciousness This original study examines the struggle toward that ideal of unitary subjective experience in modern British and Irish poetry from Hardy to Ted Hughes Hugh Underhill argues that the poetry's emphasis on inner states underrepresents the extent to which the crisis is in fact socio historically determined English Studies in Transition Piero Boitani,Robert Clark,2002-09-11 Bringing together twenty five contributors from all over Europe this volume represents the vitality and diversity of the current transcultural European dialogue on English studies Topics addressed include the nature of the canon the poetics of language the representation of women and the notion of nationalism in post colonial literature The significance of this volume lies not only in the quality of the individual contributions but also in the fact that it marks an important turning point in the history of English studies in Europe **Magill's Bibliography of Literary Criticism: Longus to Sexton** Stephen L.
