Caribbean Women Writers and Globalization Professor Helen C Scott,2013-04-28 Caribbean Women Writers and Globalization offers a fresh reading of contemporary literature by Caribbean women in the context of global and local economic forces providing a valuable corrective to much Caribbean feminist literary criticism Departing from the trend towards thematic diasporic studies Helen Scott considers each text in light of its national historical and cultural origins while also acknowledging regional and international patterns Though the work of Caribbean women writers is apparently less political than the male dominated literature of national liberation Scott argues that these women nonetheless express the sociopolitical realities of the postindependent Caribbean providing insight into the dynamics of imperialism that survive the demise of formal colonialism In addition she identifies the specific aesthetic qualities that reach beyond the confines of geography and history in the work of such writers as Oonya Kempadoo Jamaica Kincaid Edwidge Danticat Pauline Melville and Janice Shinebourne Throughout Scott s persuasive and accessible study sustains the dialectical principle that art is inseparable from social forces and yet always strains against the limits they impose Her book will be an indispensable resource for literature and women s studies scholars as well as for those interested in postcolonial cultural and globalization studies

If the Irish Ran the World Donald Harman Akenson,1997-10-23 Montserrat although part of England s empire was settled largely by the Irish and provides an opportunity to view the interaction of Irish emigrants with English imperialism in a situation where the Irish were not a small minority among white settlers Within this context Akenson explores whether Irish imperialism on Montserrat differed from English imperialism in other colonies Akenson reveals that the Irish proved to be as effective and as unfeeling colonists as the English and the Scottish despite the long history of oppression in Ireland He debunks the myth of the nice slave holder and the view that indentured labour prevailed in the West Indies in the seventeenth century He also shows that the long held habit of ignoring ethnic strife within the white ruling classes in the West Indies is misconceived If the Irish Ran the World provides interesting insights into whether ethnicity was central to the making of the colonial world and the usefulness of studies of sixteenth and seventeenth century English imperialism in the Americas It will be the basis of the Joanne Goodman Lectures at the University of Western Ontario in 1997

Beyond Windrush J. Dillon Brown, Leah Reade Rosenberg, 2015-07-10 This edited collection challenges a long sacrosanct paradigm Since the establishment of Caribbean literary studies scholars have exalted an elite cohort of migr novelists based in postwar London a group often referred to as the Windrush writers in tribute to the SS Empire Windrush whose 1948 voyage from Jamaica inaugurated large scale Caribbean migration to London In critical accounts this group is typically reduced to the canonical troika of V S Naipaul George Lamming and Sam Selvon effectively treating these three authors as the tradition s founding fathers These founders have been properly celebrated for producing a complex anticolonial nationalist literature However their canonization has obscured the great diversity of postwar Caribbean writers producing an enduring but narrow definition of West Indian literature *Beyond Windrush* stands out as the first book to reexamine and redefine the writing of this crucial era Its fourteen original essays make clear that in the 1950s there was already a wide spectrum of West Indian men and women Afro Caribbean Indo Caribbean and white creole who were writing publishing and even painting Many lived in the Caribbean and North America rather than London Moreover these writers addressed subjects overlooked in the more conventionally conceived canon including topics such as queer sexuality and the environment This collection offers new readings of canonical authors Lamming Roger Mais and Andrew Salkey hitherto marginalized authors Ismith Khan Elma Napier and John Hearne and commonly ignored genres memoir short stories and journalism
