Love As A Second Language:

The Affective Dimension in Second Language Acquisition Danuta Gabryś-Barker, Danuta Gabryś, Joanna Bielska, 2013-05-03 This volume presents a series of empirical studies which focus on affectivity in relation to both individual learner differences and language learning experiences motivation and attitudes The volume also elaborates on affectivity in various contexts of FL use and in different educational settings such as CLIL or e learning

Loving Pedagogy in Second and Foreign Language Education Ali Derakhshan, 2025-07-30 This book provides a vivid and comprehensive picture of loving pedagogy in second language L2 education It focuses on the theoretical and empirical foundations of loving pedagogy to set the ground for researching its ecological systems and measurement Foreword written by Elisabeth Vanderheiden introduces pedagogical love as a transformative approach in education during times of global crises and neoliberal shifts It frames pedagogical love not merely as relational warmth but as an ethical stance and political project that challenges technocratic educational paradigms The first chapter outlines the background significance purpose and critical rationale for an empirical study to which the whole book is dedicated The second chapter deals with the theoretical underpinnings of this study especially affective pedagogy positive psychology existential positive psychology rhetorical relational goal theory broaden and build theory PERMA model and attachment theory followed by a comprehensive review of related empirical studies The third chapter presents the design and methodology of the study while chapter four presents and discusses quantitative and qualitative outcomes Chapter five explains the conclusions drawn from the results and presents pedagogical implications and directions for future research in the field of SLA Afterword written by Satu Uusiautti considers loving pedagogy the foundation of positive education in the future This book is intended for scholars and researchers in the field of second language acquisition and pedagogy and more generally those in applied linguistics and positive psychology

Life as a Bilingual François Grosjean, 2021-06-03 A book on those who know and use two or more languages Who are they How do they do it

When in French Lauren Collins, 2017-11-07 A language barrier is no match for love Lauren Collins discovered this firsthand when in her early thirties she moved to London and fell for a Frenchman named Olivier a surprising turn of events for someone who didn't have a passport until she was in college But what does it mean to love someone in a second language Collins wonders as her relationship with Olivier continues to grow entirely in English Are there things she doesn't understand about Olivier having never spoken to him in his native tongue Does I love you even mean the same thing as je t'aime When the couple newly married relocates to Francophone Geneva Collins fearful of one day becoming a Borat of a mother who doesn't understand her own kids decides to answer her questions for herself by learning French When in French is a laugh out loud funny and surprising memoir about the lengths we go to for love as well as an exploration across culture and history into how we learn languages and what they say about who we are Collins grapples with the complexities of the French language enduring excruciating role playing games with her classmates at a Swiss language school and accidentally

telling her mother in law that she s given birth to a coffee machine In learning French Collins must wrestle with the very nature of French identity and society which it turns out is a far cry from life back home in North Carolina Plumbing the mysterious depths of humanity s many forms of language Collins describes with great style and wicked humor the frustrations embarrassments surprises and finally joys of learning and living in French

Primary Language Impact on Second Language and Literacy Learning Kristen L. Pratt, Bogum Yoon, 2022-12-19 Primary Language Impact on Second Language and Literacy Learning Linguistically Responsive Strategies for Classroom Teachers provides educators with foundational knowledge on how students native languages influence their learning of English language and literacy Linguistically diverse students increasingly populate current classrooms and it is important for educators to have general linguistic and cross linguistic knowledge to provide students with equitable access to the language and content of school By discussing English language learners ELLs primary language norms positive and negative transfer and culturally sustaining resources this book helps educators understand how to support ELLs use of their primary language as an asset when engaging in English language and literacy learning experiences

Second Language Learning and Language Teaching Vivian Cook, 2013-11-26 The fourth edition of this classic textbook has been revised to reflect recent developments in language teaching and learning yet retains the basic structure and approach so popular with its readers Teaching and learning content has been updated particularly taking into account the rise of task based learning Conversational Analysis and social models of second language acquisition changes in national syllabuses and examinations and the increasing controversy over the role of the native speaker target Each chapter has been revised to stand alone enabling the text to be taught and studied out of sequence if preferred A set of focussing questions has also been added to each and further reading sections have been updated In addition icons appear throughout the text signalling where extra information summaries data lecture notes test batteries and more can be found on the author s accompanying website www.routledge.com/cw/cook Second Language Learning and Language Teaching remains the essential textbook for all student teachers of modern languages and TESOL as well as applied linguistics

Handbook of Teaching and Learning Persian as a Second Language Hooman Saeli, 2025-09-26 This collection explores relevant pedagogical and sociolinguistic topics in the teaching and learning of Persian as a foreign and second language Owing to the dearth of research in many areas pertaining to the teaching and learning of Persian this handbook provides empirically supported insights into various aspects of these areas While the literature on teaching and learning Persian is growing the field lacks a cohesive collection on Persian as a foreign second language The book addresses issues pertaining to the standardization and validation of teaching and assessment methods which remain under explored in the contexts of teaching and learning Persian It also covers the teaching of Persian pragmatics the use of corpora as well as a range of different areas within linguistics including phonetics prosody and historical linguistics This comprehensive collection contributes substantially to the scientific study of many aspects of

teaching and learning Persian which have been neglected for decades A must have text in Persian language pedagogy and Persian sociolinguistics it an essential book for those in teaching and learning in Persian language programs worldwide

Key Topics in Second Language Acquisition Vivian Cook, David Singleton, 2014-04-03 This textbook offers an introductory overview of eight hotly debated topics in second language acquisition research It offers a glimpse of how SLA researchers have tried to answer common questions about second language acquisition rather than being a comprehensive introduction to SLA research Each chapter comprises an introductory discussion of the issues involved and suggestions for further reading and study The reader is asked to consider the issues based on their own experiences thus allowing them to compare their own intuitions and experiences with established research findings and gain an understanding of methodology The topics are treated independently so that they can be read in any order that interests the reader

Second Language Teaching Marcel Danesi, 2012-12-06 Second Language Teaching A View from the Right Side of the Brain offers a practical introduction to the use of neuroscience to teach second languages provides information on the relation between how the brain learns and how this can be used to construct classroom activities evaluates methods syllabi approaches etc from the perspective of brain functioning illustrates how teaching can unfold with actual examples in several languages This volume is indispensable in courses designed for language teachers curriculum planners and applied linguists

When in French Lauren Collins (Journalist), 2016 When New Yorker staff writer Lauren Collins moves to Geneva Switzerland she decides to learn French not just to be able to go about her day to day life but in order to be closer to her French husband and his family When in French is at once a hilarious and idiosyncratic memoir about the things we do for love and an exploration across cultures and history into how we learn languages and what they say about who we are
