Love Fortune:

Finding Love's Fortune Shelley Galloway, 2001 Mary Beth McKinley bought her dream home against the advice of everyone she knows But it was hers leaking roof rotten wood and all However the task of restoring the 100 year old home is a much larger undertaking than she could have ever imagined So when Cameron Reece arrives at her doorstep with plans to dig for hidden treasure in her backyard in exchange for manual labor she readily agrees After all the roof is leaking and her teacher s salary isn t stretching far Eventually she finds out that there s more to this treasure hunter than she had originally thought His great grandmother buried the treasure years ago and left word as to its whereabouts but no one ever found it Now through a letter addressed to his grandfather Cameron has an idea where the treasure was buried on the property that now belongs to Mary Beth Eventually they find an old journal that offers more clues to the treasure Together they go through rainy days leaking roofs electrical outages poison ivy and meddling parents to discover not only the treasure buried in the yard but a true love of their own

Fortune's Faces Daniel Heller-Roazen, 2004-12-01 Arguably the single most influential literary work of the European Middle Ages the Roman de la Rose of Guillaume de Lorris and Jean de Meun has traditionally posed a number of difficulties to modern critics who have viewed its many interruptions and philosophical discussions as signs of a lack of formal organization and a characteristically medieval predilection for encyclopedic summation In Fortune s Faces Daniel Heller Roazen calls into question these assessments offering a new and compelling interpretation of the romance as a carefully constructed and far reaching exploration of the place of fortune chance and contingency in literary writing Situating the Romance of the Rose at the intersection of medieval literature and philosophy Heller Roazen shows how the thirteenth century work invokes and radicalizes two classical and medieval traditions of reflection on language and contingency that of the Proven al French and Italian love poets who sought to compose their verses of pure nothing in a language Dante defined as without grammar and that of Aristotle s discussion of future contingents as it was received and refined in the logic physics theology and epistemology of Boethius Abelard Albert the Great and Thomas Aquinas Through a close analysis of the poetic text and a detailed reconstruction of the logical and metaphysical concept of contingency Fortune s Faces charts the transformations that literary structures such as subjectivity autobiography prosopopoeia allegory and self reference undergo in a work that defines itself as radically contingent Considered in its full poetic and philosophical dimensions the Romance of the Rose thus acquires an altogether new significance in the history of literature it appears as a work that incessantly explores its own capacity to be other than it is

Love's Wounds Cynthia N. Nazarian, 2017-01-10 Love s Wounds takes an in depth look at the widespread language of violence and abjection in early modern European love poetry Beginning in fourteenth century Italy this book shows how Petrarch established a pattern of inequality between suffering poet and exalted Beloved rooted in political parrh sia Sixteenth and early seventeenth century French and English poets reshaped his model into an idiom of extravagant brutality coded to their own historical circumstances Cynthia N

Nazarian argues that these poets exaggerated the posture of the downtrodden lover adapting the rhetoric of powerless desire to forge a new countersovereignty from within the heart of vulnerability a potentially revolutionary position through which to challenge cultural religious and political authority Creating a secular equivalent to the martyr early modern sonneteers crafted a voice that was both critical and unstoppable because it suffered Love's Wounds tracks the development of the countersovereign voice from Francesco Petrarca to Maurice Scève Joachim du Bellay Thodore Agrippa d'Aubign Edmund Spenser and William Shakespeare Through interdisciplinary and transnational analyses Nazarian reads early modern sonnets as sites of contestation and collaboration and rewrites the relationship between early modern literary forms
