LOVE & HATE *in* JAMESTOWN

JOHN SMITH, POCAHONTAS,
AND THE START OF A NEW NATION

— *David A. Price* —

Love Hate In Jamestown John Smith Poca

Wyndham Robertson

Love Hate In Jamestown John Smith Poca:

Love and Hate in Jamestown David A. Price, 2007-12-18 A New York Times Notable Book and a San Jose Mercury News Top 20 Nonfiction Book of 2003 In 1606 approximately 105 British colonists sailed to America seeking gold and a trade route to the Pacific. Instead they found disease, hunger, and hostile natives. Ill prepared for such hardship, the men responded with incompetence and infighting. Only the leadership of Captain John Smith averted doom for the first permanent English settlement in the New World. The Jamestown colony is one of the great survival stories of American history, and this book brings it fully to life for the first time. Drawing on extensive original documents, David A. Price paints intimate portraits of the major figures from the formidable monarch Chief Powhatan to the resourceful but unpopular leader John Smith to the spirited Pocahontas who twice saved Smith's life. He also gives a rare, balanced view of relations between the settlers and the natives and debunks popular myths about the colony. This is a superb work of history, reminding us of the horrors and heroism that marked the dawning of our nation.

Jamestown Matthew Sharpe, 2008 Jamestown chronicles a group of settlers more like survivors from the ravaged island of Manhattan, departing just as the Chrysler Building has mysteriously plummeted to the earth. This ragged band is heading down what's left of I-95 in a half school bus, half Millennium Falcon. Their goal is to establish an outpost in southern Virginia, find oil, and exploit the Indians controlling the area. Based on actual accounts of the Jamestown settlement from 1607 to 1617, Jamestown features historical characters including John Smith, Pocahontas, and others enacting an imaginative reversion of life in the pioneer colony. In this retelling, Pocahontas's father Powhatan is half Falstaff, half Henry V, while his consigliere is a psychiatrist named Sidney Feingold. John Martin gradually loses body parts in a series of violent encounters, and John Smith is a ruthless and pragmatic redhead continually undermining the aristocratic leadership. Communication is by text messaging, IMing, and ultimately telepathy. Punctuated by jokes, rhymes, rim shot dialogue, and bloody black comic tableaux, Jamestown is a trenchant commentary on America's past and present that confirms Matthew Sharpe's status as a major talent in contemporary fiction.

Cradle of America Peter Wallenstein, 2014-08-15 As the site of the first permanent English settlement in North America, the birthplace of a presidential dynasty, and the gateway to western growth in the nation's early years, Virginia can rightfully be called the cradle of America. Peter Wallenstein traces major themes across four centuries in a brisk narrative that recalls the people and events that have shaped the Old Dominion. The second edition is updated with new material throughout, including a new chapter on Virginia and world affairs from the Korean War through 9/11 and beyond, and an expanded bibliography. Historical accounts of Virginia have often emphasized harmony and tradition, but Wallenstein focuses on the impact of conflict and change. From the beginning, Virginians have debated and challenged each other's visions of Virginia, and Wallenstein shows how these differences have influenced its sometimes turbulent development. Casting an eye on blacks as well as whites, and on people from both east and west of the Blue Ridge Mountains, he traces such key themes as political power, racial identity, and education. Bringing to bear his long

experience teaching Virginia history Wallenstein takes readers back even before Jamestown to the Elizabethan settlers at Roanoke Island and the inhabitants they encountered as well as to Virginia's leaders of the American Revolution He chronicles the state's dramatic journey through the Civil War era a time that revealed how the nation's evolution sometimes took shape in opposition to the vision of many leading Virginians He also examines the impact of the civil rights movement and considers controversies that accompany Virginia into its fifth century The text is copiously illustrated to depict not only such iconic figures as Pocahontas George Washington and Robert E Lee but also such other prominent native Virginians as Carter G Woodson Patsy Cline and L Douglas Wilder Sidebars throughout the book offer further insight while maps and appendixes of reference data make the volume a complete resource on Virginia's history *Transatlantic Encounters* Alden T. Vaughan, 2006-12-11 Publisher description

Richmond Noir Andrew Blossom, Brian Castleberry, Tom De Haven, 2010 These days Richmond is a city of winter balls and garden parties on soft summer evenings a city of private clubs where white haired old gentlemen with their martinis or mint juleps in hand still genuflect in front of portraits of Robert E Lee But it's also a city of brutal crime scenes and drug corners It's a city of world class ad agencies and law firms a city of the FFV First Families of Virginia and a city of immigrants from India Vietnam and Africa to Massachusetts New York and New Jersey

Jesus and Pocahontas Howard A. Snyder, 2015-05-20 Most Americans know the story of Pocahontas but not the fact that she was a Christian and the reasons for her dramatic conversion Pocahontas had a history altering encounter with Jesus Christ A key figure was Alexander Whitaker pioneer Anglican missionary in Virginia who taught Pocahontas the Christian faith but is almost totally unknown today This story of Pocahontas has never fully been told Or it has been ridiculed Yet it is true as this book now documents In these pages the real Pocahontas comes alive as a flesh and blood person with her own thoughts and decisions This book shows the beauty the romance and the tragedy of Pocahontas's short life It also traces the way the Pocahontas story has been used and misused over the past four hundred years opening the door to the larger issue of the suppression of native peoples in U S history The real story of Pocahontas presents a timely case study both in the history of missions and the history of America an investigation of the interplay between gospel culture and national mythology

The Huntington Library Quarterly Henry E. Huntington Library and Art Gallery, 2007

The Cultural Uses of the Caesars on the English Renaissance Stage Lisa Hopkins, 2016-03-16 Caesarian power was a crucial context in the Renaissance as rulers in Europe Russia and Turkey all sought to appropriate Caesarian imagery and authority but it has been surprisingly little explored in scholarship In this study Lisa Hopkins explores the way in which the stories of the Caesars and of the Julio Claudians in particular can be used to figure the stories of English rulers on the Renaissance stage Analyzing plays by Shakespeare and a number of other playwrights of the period she demonstrates how early modern English dramatists using Roman modes of literary representation as cover commented on the issues of the day and critiqued contemporary monarchs

Native Acts Joshua David Bellin, Laura L. Mielke, 2011-01-01 Long before the Boston Tea Party

where colonists staged a revolutionary act by masquerading as Indians people looked to Native Americans for the symbols imagery and acts that showed what it meant to be American And for just as long observers have largely overlooked the role that Native peoples themselves played in creating and enacting the Indian performances appropriated by European Americans It is precisely this neglected notion of Native Americans playing Indian that Native Acts explores These essays by historians literary critics anthropologists and folklorists provide the first broadly based chronicle of the performance of Indianness by Natives in North America from the seventeenth through the early nineteenth century The authors careful and imaginative analysis of historical documents and performative traditions reveals an intricate history of intercultural exchange In sum Native Acts challenges any simple understanding of cultural authenticity even as it celebrates the dynamic role of performance in the American Indian pursuit of self determination In this collection Indian peoples emerge as active vocal embodied participants in cultural encounters whose performance powerfully shaped the course of early American history
