This handbook is the winner of the William B Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research This handbook includes state of the art research on love in classical modern and postmodern perspectives It expands on previous literature and explores topics around love from new cultural intercultural and transcultural approaches and across disciplines It provides insights into various love concepts like romantic love agape and eros in their cultural embeddedness and their changes and developments in specific cultural contexts It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation globalisation and the fourth industrial revolution The handbook covers a vast range of topics in relation to love aging health special needs sexual preferences spiritual practice subcultures family and other relationships and so on The chapters look at love not only in terms of the universal concept and in private intimate relationships but apply a broad concept of love which can also for example be referred to in postmodern workplaces This volume is of interest to a wide readership including researchers practitioners and students of the social sciences humanities and behavioural sciences

In the 1970s through the 90s I was told that globalization was homogenizing cultures into a worldwide monoculture This volume as risky and profound as the many adventures of love across our multiplying cultures proves otherwise The authors revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is But that's what love does It communicates what it offers what can be and pleads for what must be I know you'll enjoy this wonderful book as much as I do

Jeffrey Ady Associate Professor retired Public Administration Program University of Hawaii at Manoa Founding Fellow International Academy for Intercultural Research

The International Handbook of Love is far more than a traditional compendium It is a breath taking attempt to synthesize our anthropological and sociological knowledge on love It illuminates topics as diverse as Chinese love one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies

Eva Illouz author of The End of Love A sociology of Negative relationships Oxford University Press This is not a volume to be read in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives

Leadershift is about adapting and changing traditional models of leadership in response to the influence of mass collaboration Mass collaboration is a form of collective action which occurs when large numbers of people work independently on a single project exemplified by websites such as YouTube Facebook and Second Life As the traditional models of working are radically altered those in leadership roles need to understand their place in this new hierarchy and how to respond Mass collaboration requires a form of leadership that is prepared to let go of the experience expertise and control it holds precious and be able to see mass participation as an opportunity to create value rather than a threat to its existence For The Love of Networking John Harvey,2022-06-09 How do you feel about networking I can help you love it as much as I do Most people see networking as a necessary evil something to be endured or even avoided But there is a minority who really embrace and enjoy networking Like me they understand the vast benefits it brings the extraordinary value it adds to their professional and personal lives and crucially they know how to do it well and with ease In this handy book I ll show you how you can overcome your reservations and fears about networking and I ll coach you in all the skills and insider secrets that I ve developed over the years These secrets and skills have helped make networking a vital ingredient in my success and they can do the same for you too So whether it s entering a room full of strangers that fills you with dread or the idea of striking up a conversation with someone you ve never met that makes you anxious let me help you I ll explain how to build a robust networking strategy that can revolutionise finding exciting opportunities lucrative new clients and sought after decision makers And by placing networking at the heart of what you do you ll discover exactly how to make it more rewarding productive effective and yes even fun *Firms of Endearment* Rajendra Sisodia,Jagdish N.
