Love Me Deadly:

Nightmare Movies Kim Newman, 2011-04-18 Now over twenty years old the original edition of *Nightmare Movies* has retained its place as a true classic of cult film criticism. In this new edition Kim Newman brings his seminal work completely up to date both reassessing his earlier evaluations and adding a second part that analyses the last two decades of horror films with all the wit, intelligence and insight for which he is known. Since the publication of the first edition horror has been on a gradual upswing and has gained a new and stronger hold over the film industry. Newman negotiates his way through a vast back catalogue of horror and charts the on screen progress of our collective fears and bogeymen from the low budget slasher movies of the 1960s through to the slick releases of the 2000s. *Nightmare Movies* is an invaluable companion that not only provides a newly updated history of the darker side of film but also acts as a truly entertaining guide with which to explore the less well trodden paths of horror and rediscover the classics with a newly instructed eye. *Moving Places*

Jonathan Rosenbaum, 1995-03-24 I would number *Moving Places* among a handful of truly classic books about film. James Naremore author of *Acting in the Cinema* *Masturbation in Pop Culture* Lauren Rosewarne, 2014-10-15 Through reference to over six hundred scenes from film and television as well as a diverse and cross disciplinary academic bibliography *Masturbation in Pop Culture* investigates the role that masturbation serves within narratives while simultaneously mirroring our complicated relationship with the practice in real life and sparking discussions about a broad range of hot button sexual subjects. From sitcoms to horror movies, teen comedies to erotic thrillers, autoeroticism is easily detected on screen. The portrayal however is not a simple one. Just as in real life a paradox exists where most of us masturbate and accept it as normal and natural, there simultaneously exists a silence about it that we do it but we don't talk about it that we enjoy it but we laugh about it. The screen reflects this conflicted relationship. It is there hundreds and hundreds of times but it is routinely whispered about, mocked and presented as a punchline and is inevitably portrayed as controversial at the very least. *Masturbation in Pop Culture* investigates the embarrassment and squeamishness, sexiness and inappropriateness of masturbation, showcasing and analyzing how our complex off screen relationship is mirrored in film and television. **The Psychotronic Video Guide To Film** Michael Weldon, 1996 The bible of B movies is back and better than ever. From Abby Cadabby to Zontar, this book covers more than 9 000 amazing movies from the turn of the century right up to today's Golden Age of Video, all described with Michael Weldon's dry wit. More than 450 rare and wonderful illustrations round out this treasure trove of cinematic lore, an essential reference for every bad film fan. *Spinegrinder* Clive Davies, 2015-03-06 First came video and more recently high definition home entertainment through to the internet with its streaming videos and not strictly legal peer to peer capabilities. With so many sources available today's fan of horror and exploitation movies isn't necessarily educated on paths well trodden. Universal classics, 1950s monster movies, Hammer as once they were. They may not even be born and bred on *DAWN OF THE DEAD*. In fact anyone with a bit of technical savvy quickly becoming second nature for the born
