Love And Eroticism:

The Double Flame Octavio Paz,1996 A collection of essays examines the themes of love and sex in literature from Plato to modern fiction **The Double Flame** Octavio Paz,2010-04-27 A discourse on the connection between sex eroticism and love in literature by the Nobel Prize winning poet and essayist *Love and Eroticism* Mike Featherstone,1999 Exploring the contested nature of love and eroticism this collection examines the ways in which erotic bodily pleasures have become central to contemporary consumer culture *The Transformation of Intimacy* Anthony Giddens,1992 The sexual revolution an evocative term but what meaning can be given to it today How does sexuality come into being and what connections does it have with the changes that have affected personal life more generally In answering these questions the author disputes many of the dominant interpretations of the role of sexuality in modern culture The author suggests that the revolutionary changes in which sexuality has become caught up are more long term than generally conceded He sees them as intrinsic to the development of modern societies as a whole and to the broad characteristics of that development Sexuality as we know it today is a creation of modernity a terrain upon which the contradictory tendencies of modern social life play themselves out in full Emancipation and oppression opportunity and risk these have become a part of a heady mix that irresistably ties our individual lives to global outcomes and the transformation of intimacy We live today in a social order in which for the first time in history women are becoming equal to men or at least have lodged a claim to such equality as their right The author does not attempt to analyze the gender inequalities that persist in the economic or political domains but instead concentrates on a more hidden personal area in which women ordinary women in the course of their day to day lives quite apart from any political agenda have pioneered changes of greater and generalizable importance These changes essentially concern an exploration of the potentialities of the pure relationship a relationship that presumes sexual and emotional equality and is explosive in its connotations for pre existing relations of power The author analyzes the emergence of what he calls plastic sexuality sexuality freed from its intrinsic relation to reproduction in terms of the emotional emancipation implicit in the pure relationship as well as women's claim to sexual pleasure Plastic sexuality is decentered sexuality freed from both reproduction and subservience to a fixed object It can be molded as a trait of personality and thus become bound up with the reflexivity of the self Premised on plastic sexuality the pure relationship is not exclusively heterosexual it is neutral in terms of sexual orientation The author speculates that the transformation of intimacy might be a subversive influence on modern institutions as a whole for a social world in which the dominant ideal was to achieve intrinsic rewards from the company of others might be vastly different from that which we know at the present **The Double Flame** Octavio Paz,1996-06-01

The Philosophy of (erotic) Love Robert C. Solomon,Kathleen Marie Higgins,1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display

of wisdom that the world's best thinkers have brought and continue to bring to the study of love **Love & Eroticism** Mike Featherstone, 1999-09-20 Exploring the contested nature of love and eroticism this collection examines the ways in which erotic bodily pleasures have become central to contemporary consumer culture The Blue Flame and the Red Flame Nisrine Jaafar, 2001 This study is an explorative journey into the realm of eroticism A primary emphasis is placed on the necessity to differentiate erotic experience from the pornographic one The claim here is that eroticism cannot unfold where the notion of an indispensable other and hence the element of love do not come into play Eroticism as this study will attempt to demonstrate is not a game to be played solo In the fire of desire eroticism or the red flame embraces recognition alterity mutuality empathy and unity all of which constitute the blue flame love Once both flames collide and dance together in celebration of sexual desire a new kind of reality unleashes In order to delve into erotic reality partners are supposed to transgresses everyday life and its binding confines How successful the endeavor turns will be depends on a couple's ability to slide in and out of both realities with subtlety and equilibrium Developing a theoretical framework based on the works of Bakhtin Paz Bataille Giddens and Gonzalez Crussi I review five Films Eyes Wide Shut Lolita Exotica The Lover and Kama Sutra A Tale of Love These films debate the issues of eroticism love taboo and obsession in different but illuminating ways expand our understanding of heterosexuality and explore the relationship between the blue flame of love and the red flame of eroticism *The Erotic rEvolution* Pulpan Loredana, 2025-02-20 Eroticism is undoubtedly a fascinating topic that has left a deep imprint on our lives since childhood and continues to influence both our present and future Our relationship with eroticism is shaped by the beliefs formed in adolescence youth and early adulthood as well as by the more or less happy experiences we have had along the way Perhaps we've never truly given ourselves the chance to reflect or to seek the truth within What does eroticism mean to me Why do I feel the need to make love The Erotic rEvolution invites you to venture deeper into your own essence and discover the answers to these fundamental questions The Erotic rEvolution is a journey into the vast and often unknown world of eroticism an essential yet underexplored theme This book dismantles the myths and taboos that limit spiritual growth through eroticism and encourages you to rethink your values and your perspective on your own sexuality In the pages of The Erotic rEvolution you will uncover the mysteries of intimacy and relationships as well as valuable tools to learn the art of making love You will understand what erotic maturation means the therapeutic role of eroticism and how you can transform and improve your love life The Erotic rEvolution is a rich profound and deeply evocative book It beautifully weaves together spirituality sensuality and emotional intelligence creating a tapestry that speaks to the complexity and depth of human relationships and eroticism The language is poetic and vivid drawing the reader into a reflective space while the content challenges societal norms and invites a deeper understanding of love intimacy and connection It feels both personal and universal offering a blend of wisdom from ancient traditions like Tantra and Taoism while remaining relatable to modern audiences The structure allows for practical insights philosophical musings and a call to

Bowring, 2019-08-22. Why is love taken for granted as a part of human experience? And why is sexual or romantic love in particular so important to us? This book aims to find out, tracing the intellectual history of sexual love from the ancient Greeks to the modern day. *Erotic Love in Sociology, Philosophy and Literature* shows how discourses of love have intersected with social and cultural trends, as well as with personal events and experiences. Beginning with the queering of love in Greek antiquity, it looks at how sexual love has been sung about, fictionalized, and theorized as a cornerstone of the formation of Western culture. From the courtly love of twelfth-century troubadours and the rise of affective individualism in the eighteenth century to the way the novel helped catalyze and crystallize the hopes and contradictions of love and marriage, these are decisive episodes in the history of romantic love. Lastly, the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years, especially given the post-romantic pragmatism of commercialized dating practices. Arguing against the over-rationalism of intimate life, *Erotic Love in Sociology, Philosophy and Literature* recognizes the need to liberate love from patriarchal, racist, and homophobic prejudices and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love.
